The Miscellaneous Reports ,1926 **The Millstätter Exodus** D. H. Green,1966 The Millstatter Exodus a German epic of the twelfth century is a poetic version of the opening chapters of the book of Exodus treating the events of the early life of Moses and culminating in the crossing of the Red Sea and the destruction of the Hebrews pagan enemies In form it represents the second attempt at a biblical epic on the large scale after the revival of German vernacular literature in the late eleventh century Professor Green analyses the Millstatter Exodus in form and in context He compares it with its predecessor the Wiener Genesis and with its biblical source throwing light on the early development of the German epic in the twelfth century and on the poetic intentions of the author of the Exodus Professor Green believes that the Millstatter Exodus can best be understood allegorically against the background of the crusading movement and he shows that it is one of the first literary attempts in Germany to come to terms with the crusades and the problem of Christian warfare **Phraseological**

de Boer applies and advances their approach through each section of his commentary whilst also engaging with the latest scholarship alternative viewpoints and critiques of the Brown Martyn approach As such de Boer takes very seriously the view that John s Gospel was written for a particular community and that the composition of the text as we know it took place over an extended period of time Examination of the historical realities of this community is a hallmark of this commentary including the notion that as members of the community women may have played a role in the Gospel s composition The Century Dictionary and Cyclopedia: A work of Universal Reference in all Departments of Knowledge with a New Atlas of the World ,1906 **The Century Dictionary: The Century dictionary** William Dwight Whitney,Benjamin Eli Smith,1895
