

The Cold War Heats Up

1. As you read the passage, fill in the information you discover about the Soviet-American agreement below.

	What the Soviets Wanted	What the Americans Wanted
1. Would it make any sense to build space weapons and launch them?	That U.S. suspend the prohibition of launching nuclear weapons.	Not really.
2. Would anyone benefit from the launch and retrieval of satellites?	They would certainly gain useful information about our world. They would also learn military secrets.	They might realize that it was impossible to launch a satellite from the Soviet Union, which was not a member of the United Nations.
3. Would anyone disagree with the deal?	Not really.	Some people in the United States were suspicious and opposed it.
4. Would the deal help prevent nuclear war?	Yes. The governments could communicate better and understand each other.	The American public was suspicious and would not take advantage of the deal.

2. Suppose the agreement simply set up the program, without

these other provisions. Would it be

likely to lead to the launching of nuclear weapons?

Discuss. Explain. What provisions did the deal have that

help prevent the launching of nuclear weapons and missiles?
