Berlin: Life and Death in the City at the Center of the World Sinclair McKay,2022-08-23 Sinclair McKay s portrait of Berlin from 1919 forward explores the city s broad human history from the end of the Great War to the Blockade rise of the Wall and beyond Sinclair McKay s Berlin begins by taking readers back to 1919 when the city emerged from the shadows of the Great War to become an extraordinary by word for modernity in art cinema architecture industry science and politics He traces the city s history through the rise of Hitler and the Battle for Berlin which ended in the final conquest of the city in 1945 It was a key moment in modern world history but beyond the global repercussions lay thousands of individual stories of agony From the countless women who endured nightmare ordeals at the hands of the Soviet soldiers to the teenage boys fitted with steel helmets too big for their heads and guns too big for their hands McKay thrusts readers into the human cataclysm that tore down the modernity of the streets and reduced what was once the most sophisticated city on earth to

ruins Amid the destruction a collective instinct was also at work a determination to restore not just the rhythms of urban life but also its fierce creativity In Berlin today there is a growing and urgent recognition that the testimonies of the ordinary citizens from 1919 forward should be given more prominence That the housewives office clerks factory workers and exuberant teenagers who witnessed these years of terrifying and for some initially exhilarating transformation should be heard Today the exciting youthful Berlin we see is patterned with echoes that lean back into that terrible vortex In this new history of Berlin Sinclair McKay erases the lines between the generations of Berliners making their voices heard again to create a compelling living portrait of life in this city that lay at the center of the world *The Sleep Revolution* Arianna Huffington, 2017-04-04 Co founder and editor in chief of The Huffington Post Arianna Huffington shows how our cultural dismissal of sleep as time wasted compromises our health and our decision making and undermines our work lives our personal lives and even our sex lives in this New York Times bestseller We are in the midst of a sleep deprivation crisis with profound consequences to our health our job performance our relationships and our happiness What we need is nothing short of a sleep revolution only by renewing our relationship with sleep can we take back control of our lives In *The Sleep Revolution* Arianna explores all the latest science on what exactly is going on while we sleep and dream She takes on the sleeping pill industry and all the ways our addiction to technology disrupts our sleep She also offers a range of recommendations and tips from leading scientists on how we can get better and more restorative sleep and harness its incredible power The result is a sweeping scientifically rigorous and deeply personal exploration of sleep from all angles from the history of sleep to the role of dreams in our lives to the consequences of sleep deprivation and the new golden age of sleep science that reveals the vital role sleep plays in our every waking moment and every aspect of our health from weight gain diabetes and heart disease to cancer and Alzheimer's In today's fast paced always connected perpetually harried and sleep deprived world our need for a good night's sleep is more important and elusive than ever *The Sleep Revolution* both sounds the alarm on our worldwide sleep crisis and provides a detailed road map to the great sleep awakening that can help transform our lives our communities and our world *A Jewish Heart* Robert L. Green, 2024-08-08 *A Jewish Heart* A Struggle for Status and Identity in Asia is at once the saga of a modest charitable grant in 1903 an unimagined windfall ninety years later and a history of Progressive Judaism in Asia Enriched with profiles of key players the author roots the narratives in the entrepreneurial and philanthropic activities of two legendary Baghdadi families the Sassoons and the Kadoories beginning in mid nineteenth century Bombay Shanghai and Hong Kong and unfolding against the backdrop of worldwide waves of Jewish arrivals The story gains currency when challenges are raised over community funding facilities preserving or replacing the aging synagogue and accommodating Reform Judaism Robert L Green provides a thorough and previously undocumented account of the decade long religious legal and public relations battles that follow engaging the attention of international media and top rabbinical and legal authorities in Hong Kong Israel Australia United States and

United Kingdom The author focuses on questionable legal gymnastics as trustees facing China's impending takeover of Hong Kong undertake efforts to protect the funds from unknown perils Concurrently he chronicles the establishment of a vibrant Reform congregation braided with Jewish lore and the struggles of visionaries hoping to make Hong Kong an oasis of Jewish worship learning and recreation in Asia **The Agency of Local Actors in Cultural Diplomacy** Daniel

Veloza-Franco,2025-09-26 This book analyses local actors agency in implementing official cultural diplomacy CD activities using Japan as a case to show how the nation is presented to Spanish speaking audiences Drawing on qualitative methods the book argues that CD activities undergo a process of localisation whereby local actors strategically adapt and modify official narratives This localisation highlights both the agency of local actors and a gap little explored in the CD literature between official diplomatic narratives and their actual manifestation at the local level The book further explains why these narrative adjustments occur and how they foster deeper audience engagement dialogue and mutual understanding **Berlin Sports**

Heather L Dichter,Molly Wilkinson Johnson,2024 Berlin Sports Spectacle Recreation and Media in Germany's Metropolis presents a series of case studies that explore the history of sports in Berlin from the late nineteenth to the early twenty first century against the backdrop of the city's sharp political shifts diverse populations and status as a major metropolis with both regional and global resonance Focal points include a long distance equestrian race in the 1890s the role of media in discourses around urban life gender and celebrity from the 1890s to the 1920s the intersection of grassroots participation and spectatorship with international diplomacy at the elite level in the postwar and divided period the relationship between recreational associations immigration and youth counterculture and the use of the 2015 European Maccabi Games an international Jewish sports festival to grapple with the infamous 1936 Nazi Olympics and cast Berlin as a post anti Semitic city Through these thematic lenses of spectacle recreation and media these essays provide important insights about sport and urban space Berlin sport as both unique and typical of Germany and sport as a vehicle through which Germany has engaged with the wider world Negotiation Dynamics to Denuclearize North Korea Su-Mi Lee,Terence Roehrig,2023-05-01

Was there ever a window of opportunity for successful negotiations over North Korea's nuclear weapons program Negotiation Dynamics to Denuclearize North Korea brings together country experts with negotiation specialists to apply negotiation theory to the North Korea denuclearization process Country expert chapters provide a detailed assessment of the goals motives and strategies of the six parties North Korea South Korea the United States China Japan and Russia along with contextual variables of each player such as political economic and social conditions while the negotiation scholars collate and scrutinize the results of these key variables Based on thorough descriptive contexts provided by the country experts the negotiation scholars identify the lack of two factors party cohesion and ripeness as detriments to successful North Korea nuclear negotiations **Gardeners' Chronicle and Agricultural Gazette**,1862 **Delirious** Kelly Baum,Lucy

Bradnock,Tina Rivers Ryan,2017-09-12 Can postwar art be understood as an exercise in calculated insanity Taking this

provocative question as its basis this book explores the art and history of delirium from 1950 to 1980 an era shaped by the brutality of World War II and the rapid expansion of industrial capitalism Skepticism of science and technology along with fear of its capability to promote mass destruction developed into a distrust of rationalism which profoundly influenced the art of the times Delirious features work by more than sixty artists from Europe Latin America and the United States including Dara Birnbaum Le n Ferrari Gego Bruce Nauman Howardena Pindell Peter Saul and Nancy Spero Experimenting with irrational subject matter and techniques these artists forged new strategies that directly responded to such unbalanced times Disturbing and challenging the works in this book in multiple media and often counterintuitively incorporating highly ordered and systematic structures upend traditional notions of aesthetic harmony Three wide ranging essays and a richly illustrated plates section investigate the degree to which delirious times demand delirious art inviting readers to think crazy p p1
