GENRE: Children's Adventure

Book One: Ender Rain Vincent is a miner in a world not so very similar to your own, spending most of his days gathering valuable resources in the Underground despite the grave threat of unexpected collapses that could end his life at any time. When his friend Austin, a crafter, joins him for the first time in search of the vast amounts of ore and treasure in the Underground, a climactic series of events is set into motion. There is something below the Underground, though, and Austin is sure that the world's strongest materials are there for the taking. But so too are some of the world's most dangerous creatures, legendary items, and magical secrets. Cave-ins, explosive detonations, massive spiders, and the undead: these are all common problems for Vincent and his team of miners and crafters. Join them as they strategically battle new threats, enchant their gear with new power, and explore caves flowing with lava and teeming with darkness.

incarnate

Book Two: Hell and Back In the wake of finding a legendary magical stone, Vincent has been teetering on the edge of disaster at every turn. His friend Mary has disappeared into a trans-dimensional rift, and to save her life against a monstrous golem, he and his team of miners and crafters must follow her into the unknown. Vincent, with the help of the impulsive crafting genius Austin and a skilled enchanter Anne, must tread bravely into new dimensions and overcome his greatest challenges yet. But Vincent's dreams of black shapes, of giants, and of fire are omens destined to fulfill themselves. As some of Vincent's team crafts new technology, Vincent decodes a ciphered tome containing secrets of worlds they have never heard of. The deeper the group delves into its pages, the more they realize that the book may be the work of a madman bent on summoning an ancient evil. And the deeper Vincent delves into the caves and portals of his world, the more he realizes that the mysteries of the Nether and the End are slowly opening up to him, though it may cost him his life.

Book Three: Of Dragons and Demons The Obsidian Chronicles reaches its most climactic chapter as Vincent and his team of miners and crafters face their ultimate challenge. When Vincent and his team accidentally summon an eldritch horror to their plane of existence, all of their preparations and training gets put to the test. Magically enchanted weapons and armor are the only defenses that the strategic Vincent, the genius Austin, and their team of skilled friends have against the Wither. Now, with a demonic leviathan on his trail and a heroic destiny beckoning him to slay a god of the Sky, whether Vincent is prepared or not, he is about to come head-to-head with new worlds that he has never known, worlds of sentient tomes and legendary swords, of dimensions and darkness, of dragons and demons.
