Dead Time Book I Jeff Brown, 2017-09-30 A group of survivors leave the party where the zombie apocalypse has begun at the urging of a person from the future. Following his instruction they begin a

quest to cross the country protecting the one person who has the mysterious key to ending the zombie threat *Nordic Utopias and Dystopias* Pia Maria Ahlbäck, Jouni Teittinen, Maria Lassén-Seger, 2022-11-24 The Nordic countries have long been subject to certain idealised even utopian imaginaries particularly with regard to images of pristine nature and the societal ideals of democracy equality and education On the other hand such projections inevitably invite dissent irony and intimations of the utopia s dark underside Things may yet take or may have already taken a dystopic course The present volume offers twelve contributions on utopias and dystopias in Nordic literature and culture Geographically the articles cover the Nordic countries of Denmark Finland Norway and Sweden as well as the autonomous area of Greenland Through the articles varied subjects ranging from avant garde literature and long poems to noir TV series young adult fiction popular historiography and political discourse in literature outside of Norden the volume brings forth a historically rich multi layered picture of social cultural and environmental imagination in the Nordic countries Nordic Utopias and Dystopias is thus of interest not only to specialists in dystopian and utopian research but more broadly to scholars of literature and culture and the political and social sciences especially but not exclusively in the Nordic context *Zombie Politics and Culture in the Age of Casino Capitalism* Henry A. Giroux, 2011 *Zombie Politics and Culture in the Age of Casino Capitalism* capitalizes upon the popularity of zombies exploring the relevance of the metaphor they provide for examining the political and pedagogical conditions that have produced a growing culture of sadism cruelty disposability and death in America The zombie metaphor may seem extreme but it is particularly apt for drawing attention to the ways in which political culture and power in American society now operate on a level of mere survival This book uses the metaphor not only to suggest the symbolic face of power beginning and ending with an analysis of authoritarianism it attempts to mark and chart the visible registers of a kind of zombie politics including the emergence of right wing teaching machines a growing politics of disposability the emergence of a culture of cruelty and the ongoing war being waged on young people especially on youth of color By drawing attention to zombie politics and authoritarianism this book aims to break through the poisonous common sense that often masks zombie politicians anti public intellectuals politics institutions and social relations and bring into focus a new language pedagogy and politics in which the living dead will be moved decisively to the margins rather than occupying the very center of politics and everyday life **Invincible #65** Robert Kirkman, 2009-08-19 *Funeral for the fallen* *End Zone (Zombie Games Book Five)* *Humor, Action, and Zombies* Kristen Middleton, K.L.
