Abolishment of Capital Punishment Capital punishment should be abolished for the following reasons. 1) It violates the Eight Amendment of the use of cruel and unusual punishment, for which the Supreme Court has vacillated. 2) It is a form of premeditated murder. 3) It promotes racism. 4) It can be administered to innocent individuals through tainted evidence. 5) The death penalty does not deter criminals from committing violent crimes. The death penalty is a form of cruel and unusual punishment that violates citizen's Eighth Amendment which has forced the Supreme Court to step in and evaluate this form of punishment.

It's difficult to understand what the government perceives as cruel and unusual punishment. Maybe to them this would mean lining individuals up and killing them at point blank range. What could be crueler than strapping individuals to a chair and sending electricity through their bodies essentially cooking their insides, or putting a lethal dose of drugs into their body that causes organ failure.

According to dictionary. com, murder is the killing or slaughter of an individual inhumanely or barbarously. What gives the state or normal everyday citizens the right to determine whether or not an individual lives or dies? This is essentially doing what the criminal did and justifying it by hiding behind the law. Murder is murder whether it is committed by the drug dealer on the street or by the executioner who administers the lethal dose of medication into the inmate's veins. Some individuals feel that the death penalty gives way to racism and class oppression. African Americans and Latinos represent the majority of inmates on death row. Because of this, ex
