The California Deserts Bruce M Pavlik, 2008-07-02 This highly readable spectacularly illustrated compendium is an ecological journey into a wondrous land of extremes The California Deserts explores the remarkable diversity of life in this harsh yet fragile quarter of the Golden State In a rich narrative it illuminates how that diversity created by drought and heat has evolved with climate change since the Ice Ages Along the way we find there is much to learn from each desert species whether it is a cactus pupfish tortoise or bighorn sheep about adaptation to a warming arid world The book tells of human adaptation as well and is underscored by a deep appreciation for the intimate knowledge acquired by native people during their 12 000 year desert experience In this sense the book is a journey of rediscovery as it reflects on the ways that knowledge has been reclaimed and amplified by new discoveries The book also takes the measure of the ecological condition of these deserts today presenting issues of conservation management and restoration With its many sidebars photographs and featured topics The California Deserts provides a unique introduction to places of remarkable and often unexpected beauty **Poetry Los Angeles** Laurence Goldstein, 2014-03-12 Is there such a thing as Los Angeles poetry How do we assess a poem about a city as elusive of identity as Los Angeles What features do poems about this unique urban landscape of diverse peoples and terrains have in common Poetry Los Angeles is the first book to gather and analyze poems about sites as different as Hollywood Santa Monica and Venice beaches the freeways downtown South Central and East L A Laurence Goldstein presents original commentary on six decades of poets who have contributed to the iconography and poetics of Los

Lardner,1924 *Asian American Poets* Guiyou Huang,2002-05-30 Even though Asian American literature is enjoying an impressive critical popularity attention has focused primarily on longer narrative forms such as the novel And despite the proliferation of a large number of poets of Asian descent in the 20th century Asian American poetry remains a neglected area of study Poetry as an elite genre has not reached the level of popularity of the novel or short story partly due to the difficulties of reading and interpreting poetic texts The lack of criticism on Asian American poetry speaks to the urgent need for scholarship in this area since perhaps more than any other genre poetry most forcefully captures the intense feelings and emotions that Asian Americans have experienced about themselves and their world This reference book overviews the tremendous cultural contributions of Asian American poets Included are alphabetically arranged entries on 48 American poets of Asian descent most of whom have been active during the latter half of the 20th century Each entry begins with a short biography which sometimes includes information drawn from personal interviews The entries then discuss the poet s major works and themes including such concerns as family racism sexism identity language and politics A survey of the poet s critical reception follows In many cases the existing criticism is scant and the entries offer new readings of neglected works The entries conclude with bibliographies of primary and secondary texts and the volume closes with a selected general bibliography *The New Long Poem Anthology* Sharon Thesen,2001 The long poem nowadays is the talk of various discourses with each other A poem is a small painting a long poem is a mural The second edition of *The New Long Poem Anthology* is an irreplaceable roadmap of a vital and powerful poetic form a record of the most seductive and sustained singing talk in postmodern Canadian writing Edited by Sharon Thesen this collection of long poems longer works sequential poems extended poems and serial lengthy or longish poems extend the geography of postmodern Canadian poetry as it was laid out in 1979 exemplifying Michael Ondaatje s early observation that the most interesting work being done by poets today can be found within the structure of the long poem With a statement of

poetics and short bibliography from each author the second edition of The New Long Poem Anthology includes work by Anne Carson Christopher Dewdney Lisa Robertson Jeff Derksen Don McKay Erin Mour Patrick Friesen Steve McCaffery George Bowering Dionne Brand Louis Dudek Diana Hartog Roy Kiyooka Robert Kroetsch Daphne Marlatt David McFadden Barry McKinnon bpNichol Michael Ondaatje Lola Lemire Tostevin Fred Wah Phyllis Webb Robin Blaser and Yolande Villemaire
