The Claverings Illustrated:

The Claverings Illustrated Anthony Trollope, 2021-02-08 The gardens of Clavering Park were removed some three hundred yards from the large square sombre looking stone mansion which was the country house of Sir Hugh Clavering the eleventh baronet of that name and in these gardens which had but little of beauty to recommend them I will introduce my readers to two of the personages with whom I wish to make them acquainted in the following story It was now the end of August and the parterres beds and bits of lawn were dry disfigured and almost ugly from the effects of a long drought

The Claverings Anthony Trollope, 2007-09 Anthony Trollope 1815 1882 was one of the most successful prolific and respected English novelists of the Victorian era He wrote penetrating novels on political social and gender issues and conflicts of his day In 1867 Trollope left his position in the British Post Office to run for Parliament as a Liberal candidate in 1868 After he lost he concentrated entirely on his literary career While continuing to produce novels rapidly he also edited the St Paul s Magazine which published several of his novels in serial form His first major success came with *The Warden* 1855 the first of six novels set in the fictional county of Barsetshire The comic masterpiece *Barchester Towers* 1857 has probably become the best known of these Trollope s popularity and critical success diminished in his later years but he continued to write prolifically and some of his later novels have acquired a good reputation In particular critics generally acknowledge the sweeping satire *The Way We Live Now* 1875 as his masterpiece In all Trollope wrote forty seven novels as well as dozens of short stories and a few books on travel
