The Nimble Cook Ronna Welsh, 2019 A paradigm shifting book that helps cooks think on their feet create brilliant dishes from ingredients on hand and avoid wasting food For more than two decades Ronna Welsh has been empowering home cooks and chefs with radically simple strategies for cooking creatively and efficiently In this sweeping masterwork with 400 recipes she

shows how to make varied impromptu economical and delicious meals by coaxing the most flavor from common ingredients. The Nimble Cook teaches optimal prep methods like the perfect way to dry and store greens, forget the salad spinner for a salad made in seconds to pair with a vinaigrette composed of refrigerator door condiments. It provides hundreds of starting point recipes to transform basic dishes into luxurious ones like an onion jam for burgers, a cheese stock for decadent risotto, or a mix of salt and whirled bay leaves that takes roasted shrimp or fish from ordinary to extraordinary. Welsh teaches nimble cooks irresistible uses for parts that otherwise go to waste, whether cucumber peels in kimchi or apple cores in a sweet and sour syrup for a bourbon cocktail. Graceful illustrations throughout provide further inspiration, making this book an essential addition to any creative cook's kitchen.

The Meat Hook Meat Book Tom Mylan, 2014-05-20 Buying large unbutchered pieces of meat from a local farm or butcher shop means knowing where and how your food was raised and getting meat that is more reasonably priced. It means getting what you want, not just what a grocery store puts out for sale and tailoring your cuts to what you want to cook, not the other way around. For the average cook ready to take on the challenge, *The Meat Hook Meat Book* is the perfect guide, equal parts cookbook and butchering handbook; it will open readers up to a whole new world, start by cutting up a chicken, and soon you'll be breaking down an entire pig, creating your own custom burger blends, and throwing a legendary barbecue. Hint: it will include The Man Steak, the be-all and end-all of grilling, one-upmanship, and a cooler full of ice-cold cheap beer. This first cookbook from meat maven Tom Mylan, co-owner of The Meat Hook in Williamsburg, Brooklyn, is filled with more than 60 recipes and hundreds of photographs and clever illustrations to make the average cook a butchering enthusiast. With stories that capture the Meat Hook experience, even those who haven't shopped there will become fans.

Caring for Family Pets Radford G. Davis D.V.M., M.P.H., 2011-10-20 This book helps pet owners fully understand what it means to care for a companion animal, from choosing a pet to veterinary visits and beyond. Pets are extremely popular in the United States. According to a recent survey, one-third of American homes contain one or more cats; almost 40 percent of U.S. households include at least one dog. Pets serve as cherished companions for everyone, from young children to senior citizens. However, there are responsibilities and risks involved with pet ownership, and the proper care of these animals that many consider family involves much more than keeping a water dish and food bowl full. This book is written by top animal health experts to explain our roles, rights, and health care challenges when bringing animals into our homes. Topics such as health, first aid, companion animal diseases, common surgeries, and alternative care for pets are all addressed. Information is also provided about pet birds, large pets such as horses, exotics such as snakes and reptiles, and pocket pets such as hamsters, gerbils, guinea pigs, and rats.
