Michie, 1901 **The American and English Railroad Cases**, 1906 **The Law Times**, 1854 The New Patriarchs of Digital Capitalism Ben Little, Alison Winch, 2021-06-23 This book offers an original critique of the billionaire founders of US West Coast tech companies addressing their collective power influence and ideology their group dynamics and the role they play in the wider sociocultural and political formations of digital capitalism Interrogating not only the founders political and economic ambitions but also how their corporations are omnipresent in our everyday lives the authors provide robust evidence that a specific kind of patriarchal power has emerged as digital capitalism s mode of command The New Patriarchs examined over the course of the book include Sergey Brin and Larry Page of Google Elon Musk of Tesla Jeff Bezos of Amazon Mark Zuckerberg of Facebook and Peter Thiel We also include Sheryl Sandberg The book analyses how these mostly men legitimate their rapidly acquired power tying a novel kind of socially awkward but visionary masculinity to exotic forms of shareholding Drawing on a ten million word digital concordance the authors intervene in feminist debates on patriarchy masculinity and postfeminism locating the power of the founders as emanating from a specifically racialised structure of oppression tied to imaginaries of the American frontier the patriarchal household and settler colonialism This is an important interdisciplinary contribution suitable for researchers and students across Digital Media Media and Communication and Gender and Cultural Studies The American and English Encyclopaedia of Law David Shephard Garland, Lucius Polk McGehee, James Cockcroft, Charles Porterfield, 1899 **Understanding Company Law** Alastair Hudson, 2025-06-16 Understanding Company Law is a lively introduction to modern company law It takes a unique approach to the subject which also encompasses the important and growing fields of securities regulation corporate governance and corporate social

Phyllis Shand Allfrey is the first biography of one of the Caribbean s most intriguing writers and politicians Allfrey 1908 1986 is best known as the author of *The Orchid House* a fictionalized account of her early life that was turned into a highly acclaimed film for British television Born to a prominent family of formerly wealthy sugar planters in Dominica Allfrey followed an unexpected path a rising novelist who is often paired with Jean Rhys in critical discussion and Fabian socialist in England and the United States she returned to Dominica to organize the peasantry and estate workers into the island s first political party Ostracized by the white elite into which she was born she led the Dominica Labour party to power and became the West Indian Federation s only woman and only white minister only to find herself expelled from the party when the rise of black nationalism made it expedient The biography recreates Allfrey s life as it unfolds against the background of twentieth century Caribbean political and literary history from the decline of the planter class through the rise of party politics and the efforts to join the anglophone West Indies into a federation to the troubled sixties and seventies decades marked by racial violence and the emergence of the former British territories from colonial control This volume includes five autobiographical stories that have long been out of print **Lou Henry Hoover** Nancy Beck Young,2016-02-19

Although overshadowed by her higher profile successors Lou Henry Hoover was in many ways the nation s first truly modern First Lady She was the first to speak on the radio and give regular interviews She was the first to be a public political persona in her own right And although the White House press corps saw in her old fashioned wifehood she very much foreshadowed the new woman of the era Nancy Beck Young presents the first thoroughly documented study of Lou Henry Hoover s White House years 1929 1933 showing that far from a passive prelude to Eleanor Roosevelt she was a true innovator Young draws on the extensive collection of Lou Hoover s personal papers to show that she was not only an important First Lady but also a key transitional figure between nineteenth and twentieth century views on womanhood Lou Hoover was a multifaceted woman a college graduate a lover of the outdoors a supporter of Girl Scouting and a person engaged in social activism who endorsed political involvement for women and created a program to fight the Depression Young traces Hoover s many philanthropic efforts both before and during the Hoover presidency contrasting them with those of her husband and places her public activities in

the larger context of contemporary women s activism And she shows that unlike her predecessors Hoover did more than entertain she revolutionized the office of First Lady Yet as Young reveals Hoover was constrained as First Lady by her inability to achieve the same results that she had previously accomplished in her very public career for the volunteer community As diligently as she worked to combat the hardship of the Depression for average Americans by mobilizing private relief efforts her efforts ultimately had little effect Although her celebrity has paled in the shadow of her husband s negative association with the Great Depression Lou Hoover s story reveals a dynamic woman who used her activism to refashion the office of First Lady into a modern institution reflecting changes in the ways American women lived their lives Young s study of Hoover s White House years shows that her legacy of innovation made a lasting mark on the office and those who followed

The 51% Minority Lis Wiehl, 2008-12-10 Lis Wiehl tells us where the law protects us and where it is letting us down And as a bonus she gives us the tools to make change happen If you care about where we are going you have to read this book Rita Cosby Emmy Award winning TV host Women make up 51% of the American population yet still aren t treated equally to men in areas that matter most In this provocative new book Lis Wiehl one of the country s top federal prosecutors reveals the legal and social inequalities women must face in their daily lives and provides a Tool Box for dealing with a variety of issues From boardroom to courtroom from pregnancy to contraception from unequal pay to domestic violence women are more often than not handed the short end of the stick A woman earns seventy three cents for every dollar a man makes The law labels pregnancy a disability Domestic violence remains the single biggest threat of injury to women in America The federal government continues to increase funding for abstinence only education even though it s proven to put our daughters at greater risk for unwanted pregnancies and sexually transmitted diseases Health insurance plans are more likely to cover Viagra prescriptions than birth control pills What s worse we re also weighed down by a myriad of troubling attitudes The media bombard us with images of young perfect bodied women acid tongued commentators label us feminazi if we try to claim equal treatment and the current chief justice of the Supreme Court has a history of opposing legislative and legal attempts to strengthen women s rights and questions whether encouraging homemakers to become lawyers contributes to the common good Why are powerful women viewed with consternation while powerful men instill respect Why is it that for every ten men in an executive decision making role in this country there is only one woman in that same role Why do our federal courts continue to be stacked with male judges even though women receive more than half of all law degrees And why shouldn t a woman be president Enough Women are not equal in our society or under our laws and the remedy is quite simple Besides being the majority of the population we also control the economy spending 80 percent of every discretionary dollar and given that 54 percent of voters are female we can swing an election With our numbers we can do something about it This is a critical moment We can either take the road toward equality or allow ourselves to be driven further away from fair treatment The 51% Minority is a clarion call to the silent majority to take a stand before it s too late The Strawberry

Room-- Marilyn Sanders Mobley PhD,2016-11-08 What happens to a woman when the room that was once the guest room of her home becomes the space of self imposed exile What does she tell her children What does she tell herself How does she survive her marriage coming to an end without becoming bitter hard or cold What if her time in that space was actually the key to her spiritual destiny This inspiring memoir attempts to answer these questions and shares a riveting story of how one woman navigated the journey from one of life s darkest moments through the gateway to joy and to a new understanding of the calling on her life
