The Dark Thorn:

The Dark Thorn Shawn Speakman, 2022-06-28 The Dark Thorn is one exciting book From start to finish there are strong characters dangers lurking around every corner and cliffhangers that will leave you breathless A fine tale by a talented writer Terry Brooks Beneath the streets of Seattle a long forgotten war is about to be renewed Richard McAllister a spiritually destitute homeless man and Knight of the YnSaith protects one of seven portals linking his world to that of Annwn where the fey Tuatha de Dannan of antiquity have been relegated by a long running religious war Unknown to Richard though powerful forces are aligning against him and all he stands to keep safe In the wilds of a discarded world Philip Plantagenet son of Henry II moves to claim a birthright nine centuries in the making one that drives him to eliminate the Tuatha de Dannan at any cost to both worlds In the halls of Vatican City Cardinal Vicar Cormac Pell O Connor schemes to control the Heliwr the Unfettered Knight one who possesses the great power known as the Dark Thorn The three men are on a collision course with history and their futures For in the wilds of Annwn death comes as easily as magic Haunted by a past he can't forget and a knightly responsibility he can't shun Richard is drawn into levels of machinations and two worlds far darker than any he has prepared for
