Deeply Buried: A shocking psychological thriller with several twists (English Edition) Ariana Lambert, 2025-10-22 On Ireland's storm-lashed Beara Peninsula, relentless rain exposes a dead man and the buried remains of countless children. When his family insists on speaking only to Berlin lawyer Anna Schwarz, she must break her vow never to return to the island that nearly destroyed her.

Modern British Women Writers Vicki K. Janik, Del Ivan Janik, 2002-11-30 The 20th century witnessed several major cultural movements including modernism, anti-modernism, and postmodernism. These and other means of understanding and perceiving the world shaped the literature of that era, and with the rise of feminism, resulted in a particularly rich body of literature by women writers. This reference includes alphabetically arranged entries on 58 British women writers of the 20th century. Some of these writers were born in England, while others such as Katherine Mansfield and Doris Lessing came from countries of the former Empire or Commonwealth. The volume also includes entries for women of color such as Kamala Markandaya and Buchi Emecheta. Each entry is written by an expert contributor and includes an overview of the writer's background, an analysis of her works, an assessment of her achievements, and lists of primary and secondary sources. The volume closes with a selected general bibliography.

The Cambridge Guide to Women's Writing in English Lorna Sage, 1999-09-30 This Guide aims to consolidate and epitomise the re-reading of women's writing that has gone on in the last twenty-five years. This is an opportunity for stock-taking, a timely project when so much writing has been rediscovered, reclaimed, and republished. There are entries on writers, on individual texts, and on general terms, genres, and movements, all printed in a single alphabetical sequence. The earliest written documents in medieval English, the visionary writings of Julian of Norwich and Margery Kempe, are covered in an historical and geographical sweep that takes us up to the present day. The book reflects the spread of literacy, the history of colonisation, and the development of post-colonial cultures, using and changing the English language. The entries are written by contributors from all the countries covered. The result is a work of reference with a unique feeling for the vitality, wealth, and diversity of women's writing.

Prostitution, Women and Misuse of the Law Helen J. Self, 2004-08-02 This is an examination from a feminist historian's standpoint of the background to the present system of regulating prostitution in Britain, which is generally admitted to be not only unjust and discriminatory but ineffective even in achieving its stated aims. Concentrating on the 1950s and especially on the Wolfenden Report and the 1959 Street Offences Act, it is a thorough exposure of the sexual double standard and general misogynist assumptions underlying legislation relating to prostitution. In addition to the detailed analysis of the 1950s legislation and the background to it, there is an exposition of the subsequent workings of the Act and of attempts to amend or
