Dillon,2017-12 Excerpt from The Central Law Journal 1874 Vol 1 We think that Judge Paschal has in these books done a work of which he may be justly proud We think it no exaggeration to say that his first volume stands unrivalled among the American codes It possesses more elements of usefulness than any book of the kind we have ever had occasion to use Nothing is more perplexing to the practitioner than a body of statute law built upon the basis of a highly refined and cultivated analysis like that of Blackstone s Commentaries Add to this the entire absence of cross references and the poor indexes which characterize many of the codes and the difficulties of using them become almost insurmountable Judge Paschal has wisely arranged his titles alphabetically and has kept up a thorough system of polyglot references between kindred subjects so as almost to dispense with the necessity of an index About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
