The Civil War Out My Window:

The Civil War Out My Window Jeremy Farley, 2014-11-29 The daughter of Joseph Henry one of America's most renowned scientists Mary Henry was 21 years old when her family moved into the only castle in Washington D C the Smithsonian Institution Building A prolific writer and astute observer Mary began recording a diary in 1858 including a daily log of her personal reflections events at the Smithsonian and conversations she had shared with many of the most influential leaders in America It would have been impossible for the youthful lady filled with juvenile yearnings and wanderlust to have imagined the unspeakable horrors that would soon fill the pages of her blank diary as she penned her first entry in November 1858 Mary's entries include personal conversations with Abraham Lincoln General Ulysses S Grant common citizens and captured southern troops A staunch unionist and American patriot the young woman's diary reveals the incredible dilemma held by millions of Americans throughout the war between the states as she often sympathized with the southern plight mourned Confederate casualties and criticized the Lincoln administration's every move Though her writings provide one of the greatest insights into the Civil War in the past quarter century Mary's diary is far more than a collection of random thoughts on matters of science and politics Her diary is a story of both a young woman and a struggling nation coming to age in the latter half of the nineteenth century

The War Outside My Window Janet Elizabeth Croon, 2022-05-20 A remarkable account of the collapse of the Old South and the final years of a young boy's privileged but afflicted life LeRoy Wiley Gresham was born in 1847 to an affluent slave holding family in Macon Georgia After a horrific leg injury left him an invalid the educated inquisitive perceptive and exceptionally witty twelve year old began keeping a diary in 1860 just as secession and the Civil War began tearing the country and his world apart He continued to write even as his health deteriorated until both the war and his life ended in 1865 His unique manuscript of the demise of the Old South is published here for the first time in The War Outside My Window LeRoy read books devoured newspapers and magazines listened to gossip and discussed and debated important social and military issues with his parents and others He wrote daily for five years putting pen to paper with a vim and tongue in cheek vigor that impresses even now more than 150 years later His practical philosophical and occasionally Twain like hilarious observations cover politics and the secession movement the long and increasingly destructive Civil War family pets a wide variety of hobbies and interests and what life was like at the center of a socially prominent wealthy family in the important Confederate manufacturing center of Macon The young scribe often voiced concern about the family's pair of plantations outside town and recorded his interactions and relationships with servants as he pondered the fate of human bondage and his family's declining fortunes Unbeknownst to LeRoy he was chronicling his own slow and painful descent toward death in tandem with the demise of the Southern Confederacy He recorded often in horrific detail an increasingly painful and debilitating disease that robbed him of his childhood The teenager's declining health is a consistent thread coursing through his fascinating journals I feel more discouraged and less hopeful about getting

well than I ever did before he wrote on March 17 1863 I am weaker and more helpless than I ever was Morphine and a score of other remedies did little to ease his suffering Abscesses developed nagging coughs and pain consumed him Alternating between bouts of euphoria and despondency he often wrote Saw off my leg The War Outside My Window edited and annotated by Janet Croon with helpful footnotes and a detailed family biographical chart captures the spirit and the character of a young privileged white teenager witnessing the demise of his world even as his own body slowly failed him Just as Anne Frank has come down to us as the adolescent voice of World War II LeRoy Gresham will now be remembered as the young voice of the Civil War South Winner 2018 The Douglas Southall Freeman Award **I Am Perhaps Dying** Dennis A.

Rasbach,2018-04-26 Invalid teenager Leroy Wiley Gresham left a seven volume diary spanning the years of secession and the Civil War 1860 1865 He was just 12 when he began and he died at 17 just weeks after the war ended His remarkable account recently published as The War Outside My Window The Civil War Diary of LeRoy Wiley Gresham 1860 1865 edited by Janet E Croon 2018 spans the gamut of life events that were of interest to a precocious and well educated Southern teenager including military political religious social and literary matters of the day This alone ranks it as an important contribution to our understanding of life and times in the Old South But it is much more than that Chronic disease and suffering stalk the young writer who is never told he is dying until just before his death Dr Rasbach a graduate of Johns Hopkins medical school and a practicing general surgeon with more than three decades of experience was tasked with solving the mystery of LeRoy s disease Like a detective Dr Rasbach peels back the layers of mystery by carefully examining the medical related entries What were LeRoy s symptoms What medicines did doctors prescribe for him What course did the disease take month after month year after year The author ably explores these and other issues in I Am Perhaps Dying to conclude that the agent responsible for LeRoy s suffering and demise turns out to be Mycobacterium tuberculosis a tiny but lethal adversary of humanity since the beginning of recorded time In the second half of the nineteenth century tuberculosis was the deadliest disease in the world accounting for one third of all deaths Even today a quarter of the world s population is infected with TB and the disease remains one of the top ten causes of death claiming 1 7 million lives annually mostly in poor and underdeveloped countries While the young man was detailing the decline and fall of the Old South he was also chronicling his own horrific demise from spinal TB These five years of detailed entries make LeRoy s diary an exceedingly rare and perhaps unique account from a nineteenth century TB patient LeRoy s diary offers an inside look at a fateful journey that robbed an energetic and likeable young man of his youth and life I Am Perhaps Dying adds considerably to the medical literature by increasing our understanding of how tuberculosis attacked a young body over time how it was treated in the middle nineteenth century and the effectiveness of those treatments Southern Cross Amanda Low Warren,2024-05-23 Lieutenant General Leonidas Polk was a distinguished West Point graduate the first Episcopal Bishop of Louisiana a university founder and a Confederate commander beloved by his troops esteemed by the public and killed on the field of battle In spite of his many

accomplishments historians invariably disparage Polk's generalship and even his personal character but is their treatment fair or accurate This work employs a balanced perspective to shed new light on Polk's military leadership and reveal unexpected truths that explain his conflict with General Braxton Bragg A seemingly insignificant piece of correspondence along with an exploration of both men's writings coalesce into an understanding of the root cause of the command
