The Meaning of the Astrological Jupiter** Liz

Greene,2025-04-14 Jupiter has been perceived for centuries as the Greater Benefic and many astrologers assume that this planet will always herald good fortune opportunities for betterment and material and emotional rewards Sometimes this interpretation is entirely valid At other times it isn t Jupiter s expression in an individual life and on a collective level is rarely simple and sometimes anything but benefic and Jupiter transits can reveal a contradictory picture Sometimes great opportunities arise and life is enhanced Sometimes the transit coincides with the collapse of relationships financial hardship the onset of serious illness and even death Sometimes both expressions occur at once And in natal charts Jupiter aspects are not always benign in the accepted sense of the word In astrology several planets are associated with complexity and mystery

especially Neptune and Pluto But Jupiter is in some ways the most enigmatic of all the heavenly bodies in our solar system What does Jupiter really symbolise These three seminars given by Liz Greene for CPA and MISPA students in 2021 explore the enigmatic paradoxical and unpredictable Jupiter to find a clearer understanding of this tricky and magical planet

Power of the Midheaven Stephanie Jean Clement,2001 The horoscope is a map of the heavens at any particular time usually at the birth of a person An important aspect to consider when creating charts is the Midheaven Before computers it was a vital computation in setting up horoscopes Curiously many astrologers ignore this point in their interpretations During over twenty five years as a professional astrologer Stephanie Jean Clement Ph D has emphasized that no point of a chart is unimportant She reveals what she has learned in The Power of the Midheaven Attention to the Midheaven can revolutionize your understanding of astrology If you are an astrologer you need the information in this book to make your readings more complete and to have a full understanding of a chart The Midheaven indicates what we know about ourselves The primary form of analysis is to examine the sign the Midheaven is in For example people with Leo Midheavens set their goals high and have the staying power to achieve them They want to rise to the top socially Jacqueline Kennedy is an example as is Grace Kelly They are self confident generous know they are fine leaders and have organizational capability but may not be able to admit their own shortcomings A Leo Midheaven is the master of control and free will and achieves spiritual enlightenment by knowing that the physical body is necessary Dr Clement points out that both Charlie Chaplin and Adolf Hitler have a Leo Midheaven they were born within days of each other She gives quotes showing how they used their wills to control people and both worked hard to eventually reach the top Obviously they were quite different people but the way they achieved their goals was similar Chaplin actually experienced his first movie making disappointment with The Little Dictator a film about Hitler This book covers the Midheaven through all the signs It also includes planets in aspect transits and much more If you are an astrologer or if you are at all interested in your horoscope you need this book **Astrology, Psychology & the Four**
