conflit des interprétations, engl.) Essays in hermeneutics Paul Ricoeur, Don Ihde, 1974 [Why Hermeneutics?](#) Anthony C. Thiselton, 2019-11-11 In this little volume Anthony Thiselton makes an impassioned appeal for closer attention to the philosophy of hermeneutics Emilio Betti provocatively observes that hermeneutics ought to constitute an obligatory course for most degrees in the humanities Hermeneutics he insists teaches patience tolerance respect for other views understanding and humility while holding one s own views with firmness and generosity Yet many teaching institutions do not yet recognize

this With this in mind Thiselton first considers and responds to those who argue that hermeneutics is not necessary Then he considers anew more sophisticated thinkers on the subject Types of texts and hermeneutical models he argues are almost infinite a fact many biblical scholars do not recognize In the field of biblical hermeneutics too many view the Bible as one thing or as a monochrome landscape it is not The culmination of Thiselton's case consists in a sustained reflection on the impressive work of Paul Ricoeur selecting thirteen points of genuine advance his work makes With a glossary of fifty technical terms this is a volume that will prove helpful to student and scholar alike **Paul Ricoeur and the Poetic**

Imperative W. David Hall, 2012-02-01 This book addresses the thought of Paul Ricoeur 1913 2005 paying particular attention to the creative tension between love and justice as principle themes in his work Dealing with these issues chiefly in his writings on religion Ricoeur explored the tension between the biblical ideals of the golden rule the religious formulation of a principle of justice and the love command Author W David Hall shows how these ideals continually speak to each other in Ricoeur's work how they operate creatively on each other and how each serves as a corrective to the perversions of the other Hall maintains that although issues of love and justice became prominent comparatively late in Ricoeur's corpus they provide a sustained trajectory throughout his work and are an important interpretive key for understanding Ricoeur's intellectual project as a whole **Paul Ricoeur**

Charles E. Reagan, 1998-06-22 Reagan combines different genres to supplement and enhance the central biographical essay A personal memoir recalls the turbulent student protests of the 1960s and Ricoeur's controversial resignation as head of the faculties at the University of Paris Nanterre A penetrating philosophical exposition draws together the essential themes of Ricoeur's philosophical anthropology And a collection of four substantive interviews offers privileged access to Ricoeur's own remarkably clear explication of his most challenging and stimulating ideas The result of this innovative mix of genres is a multidimensional and astonishingly perceptive portrait of a seminal philosopher's life and work The Foundation and Application of Moral Philosophy

Hendrik Opdebeeck, 2000 Paul Ricoeur 1913 prominent French philosopher is one of the most versatile thinkers of our time Moreover he is known to be an extremely gifted lecturer who is able to set forth ethical issues very lucidly His erudition and profundity are also evident in the two texts that are central to this book i e The Problem of the Foundation of Moral Philosophy and Can Forgiveness Heal These lectures constitute a remarkable effort on the part of Ricoeur to find an original and more radical foundation of ethics than can be expressed in any law He demonstrates quite convincingly why the law is not the primary category of ethics He further deals with the question of what might be the evangelical orientation of ethics Finally he sheds light on the specific role of forgiveness The two lectures by Ricoeur which have been translated here from French into English and to which an introduction and three multi disciplinary commentaries have been added not only elucidate a fundamental question in the field of ethics but in a more general sense they are also fine examples of philosophical reasoning *The Routledge*

Companion to Hermeneutics Jeff Malpas, Hans-Helmuth Gander, 2014-11-20 Hermeneutics is a major theoretical and practical

form of intellectual enquiry central not only to philosophy but many other disciplines in the humanities and social sciences. With phenomenology and existentialism it is also one of the twentieth century's most important philosophical movements and includes major thinkers such as Heidegger, Gadamer, and Ricoeur. The Routledge Companion to Hermeneutics is an outstanding guide and reference source to the key philosophers, topics, and themes in this exciting subject and is the first volume of its kind. Comprising over fifty chapters by a team of international contributors, the Companion is divided into five parts: main figures in the hermeneutical tradition; movement including Heidegger, Gadamer, and Ricoeur; main topics in hermeneutics such as language, truth, relativism, and history; the engagement of hermeneutics with central disciplines such as literature, religion, race, and gender; and art, hermeneutics, and world philosophies including Asian, Islamic, and Judaic thought. hermeneutic challenges and debates such as critical theory, structuralism, and phenomenology.

Refiguring the Sacred Joseph A. Edelheit, James F. Moore, Mark I. Wallace, 2024-06-18. Refiguring the Sacred: Conversations with Paul Ricoeur offers perspectives on the twenty-one papers collected by Mark I. Wallace in Paul Ricoeur's *Figuring the Sacred*, translated by David Pellauer. This new collection by Joseph A. Edelheit, James Moore, and Mark I. Wallace gives Ricoeur scholars an opportunity to reflect and engage on critical issues of Ricoeur's religious ideas. Contributions by several significant Ricoeur scholars prompt questions and invite new conversations more than 15 years after Ricoeur's death. His life-long engagement with texts illuminates his embrace of the Sacred, his significant thinking, and writings on Religious imagination. Theology, the Bible, Hope, and Praxis are all ideas that beg more reading, reflection, and refiguring of our understanding of Ricoeur. Wallace brings two additional essays that could not be included in his original collection and reflects on why they are essential to our understanding of Ricoeur and the Sacred. Refiguring the Sacred also provides a model of the interfaith and multidisciplinary dialogue that were foundational to Paul Ricoeur's scholarship.

Digital Culture and the Hermeneutic Tradition Inge van de Ven, Lucie Chateau, 2024-07-02. In our information age, deciding what sources and voices to trust is a pressing matter. There seems to be a surplus of both trust and distrust in and on platforms, both of which often amount to having your mindset remain the same. Can we move beyond this dichotomy toward new forms of intersubjective dialogue? This book reevaluates the hermeneutic tradition for the digital context. Today, hermeneutics has migrated from a range of academic approaches into a plethora of practices in digital culture at large. We propose a scaled reading of such practices, a reconfiguration of the hermeneutic circle using different tools and techniques of reading. We demonstrate our digital hermeneutic approach through case studies including toxic depression memes, the Johnny Depp/Amber Heard trial, and r/changemyview. We cover three dimensions of hermeneutic practice: suspicion, trust, and dialogue. This book is essential reading for undergraduate students in digital humanities and literary studies. Receptive Ecumenism and the Call to Catholic Learning Paul Murray, 2010-05-06. This volume proposes a fresh

strategy for ecumenical engagement Receptive Ecumenism that is fitted to the challenges of the contemporary context and has already been internationally recognised as making a distinctive and important new contribution to ecumenical thought and practice Beyond this the volume tests and illustrates this proposal by examining what Roman Catholicism in particular might fruitfully learn from its ecumenical others Challenging the tendency for ecumenical studies to ask whether explicitly or implicitly What do our others need to learn from us this volume presents a radical challenge to see ecumenism move forward into action by highlighting the opposite question What can we learn with integrity from our others This approach is not simply ecumenism as shared mission or ecumenism as problem solving and incremental agreement but ecumenism as a vital long term programme of individual communal and structural conversion driven like the Gospel that inspires it by the promise of conversion into greater life and flourishing The aim is for the Christian traditions to become more not less than they currently are by learning from or receiving of each other s gifts The 32 original essays that have been written for this unique volume explore these issues from a wide variety of denominational and disciplinary perspectives drawing together ecclesiologists professional ecumenists sociologists psychologists and organizational experts **The Reading of**

Theoretical Texts Peter Ekegren, 2002-01-04 Since the structuralist debates of the 1970s the field of textual analysis has largely remained the preserve of literary theorists Social scientists while accepting that observation is theory laden have tended to take the meaning of texts as given and to explain differences of interpretation either in terms of ignorance or bias In this important contribution to methodological debate Peter Ekegren uses developments within literary criticism philosophy and critical theory to reclaim this study for the social sciences and to illuminate the ways in which different readings of a single text are created and defended God's Wounds Jeff B Pool, 2011-07-28 God s Wounds Hermeneutic of the Christian Symbol of Divine Suffering Volume II Evil and Divine Suffering is the second of a three volume study of Christian testimonies to divine suffering The larger study focuses its inquiry on the testimonies to divine suffering themselves seeking to allow the voices that attest to divine suffering to speak freely The goal is then to discover and elucidate the internal logic or rationality of this family of testimonies rather than defending these attestations against the dominant claims of classical Christian theism that have historically sought to eliminate such language altogether from Christian discourse about the nature and life of God This second volume proceeds on the basis of the presuppositions of the symbol those implicit attestations that permit the possibility of divine suffering that which constitutes divine vulnerability with respect to creation The author investigates two divine wounds or modes of divine suffering to which the larger family of testimonies normally attest 1 divine grief or suffering due to human sin or betrayal by the beloved human and 2 divine self sacrifice or suffering for the beloved human in its bondage to sin or misery so as to establish the possibility of redemption and reconciliation **Theology as Hermeneutics** John Painter, 2015-01-29 Rudolf Bultmann was the most significant New Testament scholar we have known in the twentieth century This study approaches his work arguing that his theology can only be understood correctly as an

interpretation of the New Testament Naturally it is a twentieth century interpretation involving complex hermeneutical questions But it is the New Testament which provides the subject matter to be interpreted Bultmann s theology stemming from the conviction that the New Testament addresses the present age offers important solutions to many problems for Christian theology in our materialistic relativist pluralistic age The book introduces the reader to Bultmann s theology the problem of contemporary New Testament hermeneutics the problems of New Testament theology the question of the relation of New Testament theology to theology as such It makes a necessary critique of simplistic modes of interpreting Bultmann and shows a masterly hand in assessing his continuing significance
