Elliot Jager Jerusalem based author and former editorial page editor at The Jerusalem Post     *The Cave 3 Copper Scroll: A Symbolic Journey* Jesper Høgenhaven, 2020-07-13 In *The Cave 3 Copper Scroll A Symbolic Journey* Jesper Høgenhaven presents a reading of the Copper Scroll as a literary text For more than 60 years scholars have debated whether or not the treasures recorded here reflect historical realities This study argues that the dichotomy between facts and fiction is inadequate for a proper understanding of the Copper Scroll The document was designed to convey specific images to its readers thus staying true to the format of an instruction for retrieving hidden treasures Yet the evoked landscape is dense with symbolical associations and the journey through it reflects deliberate narrative patterns The scroll was written against the background of the social and political turmoil of Jewish Palestine in the 1st century CE and reflects contemporary concerns and interests     *The Treasure of the Copper Scroll* John Marco Allegro, 1964     **The Copper Scroll - 3Q15: A Reevaluation** Judah K. **The Copper Scroll** Albert M. Wolters,1996 The first fascicle of The Qumran Literature A Hebrew English Edition was published in 1996 to mark the fortieth anniversary of the opening in Manchester of the most intriguing but curiously neglected of the Qumran scrolls This ancient treasure list inscribed on thin copper plates in the colloquial Hebrew of the first century of our era remains a puzzle Once dismissed as a fictional composition it is now generally held to indicate the hiding places of a genuine hoard But whose Are the treasures those of the Jerusalem temple Or of the Essenes Or are they Zealot booty And what is the connection of this scroll to the other Qumran manuscripts This new edition offers in parallel columns a fresh edition of the Hebrew and Greek text of the Copper Scroll together with an English translation and an introductory essay Also featured are eight colour photographs of the Copper Scroll taken by John Allegro before during and after the opening of the scroll **The Mystery of the Copper Scroll of Qumran** Robert Feather,2003-06-23 Introduces a radical new perspective on the historical foundations of monotheism based on the enigma of the Copper Scroll of the Essenes Confirms the link between ancient Judaism and the pharaoh Akhenaten Decodes the system of measurements encrypted on

the Copper Scroll that has confounded scholars for over 50 years leading to the identification of fabulous lost treasures Points to a radical new understanding of the origins of monotheism The famous Dead Sea Scrolls comprise the oldest collection of Biblical documents ever discovered Of the Dead Sea Scrolls none has baffled experts more than the 2 000 year old Copper Scroll discovered in 1952 by a team of Bedouin led by Henri de Contenson of the Ecole Biblique in East Jerusalem Appearing to be a list of buried treasure engraved on copper pieces the Copper Scroll is considered to be the work of a secretive Jewish sect of devout Essenes who lived by the Dead Sea around the time of Jesus No one has been able to explain its meaning or discover any of the 64 locations where the Biblical treasures it lists were buried Robert Feather combining his background as a metallurgist with his journalistic expertise has unraveled the enigma of the Copper Scroll in a fascinating study that takes the reader on a journey from ancient Mesopotamia through Canaan into Egypt and back to the shores of the Dead Sea His exploration links the scroll to the ancient Egyptian king Akhenaten confirming a long suspected influence of this pharaoh s religious beliefs on those of the Hebrews The author s findings not only reveal the locations of most of the treasures listed on the Copper Scroll but they also point to a radical new understanding of the origins of monotheism the basis of the three great religions of Judaism Islam and Christianity The Treasure of the Copper Scroll John Marco Allegro,1964 *The "Copper Scroll" Bible* Michael Hearn,2019-04-11 A copper scroll was unearthed in a cave at the Dead Sea in 1952 Astonishingly it described sixty four sites where enormous amounts of gold and silver treasures were supposed to be buried in biblical times The scroll also outlined the existence of a duplicate inventory which indicated the treasures item by item Many archaeological expeditions were organised to find the buried treasure and the duplicate inventory but they all ended in failure In a dramatic new development it has now been discovered that most of the sixty four sites were listed in the Bible This was an amazing breakthrough especially as all the biblical experts had failed to recognise that the Old Testament was the duplicate inventory There was a litany of numbers listed on the scroll and these mainly indicated the weights of each treasure For example 600 Talents or 20 520 Kilograms Those numbers have proven to be the real gems They readily formed into modular structures whose totals were the indices of a mystifying calendar system for projecting time onto eternity Sensationally the modules were laid out on the copper scroll in a structure that is the actual emblem of Christianity the sign of a cross What a discovery The facts and figures of these astonishing findings in The Copper Scroll Bible are here at your fingertips **The Copper Scroll** Joel C. Rosenberg,2010-09-29 Book 4 in the bestselling 5 book thriller series that has sold over 1 2 million copies In 1956 a scroll was uncovered that shocked the world The world is about to be shocked again On June 1 1956 the New York Times broke a story that captured the imagination of the world Another Dead Sea Scroll had been found unlike any before it describing unimaginable treasures worth untold billions buried in the hills east of Jerusalem and under the Holy City itself In the years that followed some scholars came to believe the Copper Scroll could be history s greatest treasure map one that could lead to the discovery of the Second Temple treasures and the building of the Third

Jewish Temple But the scroll s code has never been broken and experts from all sides warn that any effort by Israel to rebuild their Temple in Jerusalem would undoubtedly unleash a war of biblical proportions Now more than fifty years after the Copper Scroll was unveiled New York Times bestselling author Joel C Rosenberg takes you on his most exciting and heart pounding ride yet Saddam Hussein is gone Yasser Arafat is dead A new Iraq is rising But so too is a new evil and now White House advisors Jon Bennett and Erin McCoy find themselves facing a terrifying new threat triggered by an ancient mystery
