The Crimson Fairy Book Andrew Lang, 2022-11-20 Reproduction of the original **The Crimson Fairy Book (Classic Reprint)** Andrew Lang, 2015-07-11 Excerpt from The Crimson Fairy Book Each Fairy Book demands a preface from the Editor and these introductions are inevitably both monotonous and unavailing A sense of literary honesty compels the Editor to keep repeating that he is the Editor and not the author of the Fairy Tales just as a distinguished man of

science is only the Editor not the Author of Nature Like nature popular tales are too vast to be the creation of a single modern mind The Editor s business is to hunt for collections of these stories told by peasant or savage grandmothers in many climes from New Caledonia to Zululand from the frozen snows of the Polar regions to Greece or Spain or Italy or far Lochaber When the tales are found they are adapted to the needs of British children by various hands the Editor doing little beyond guarding the interests of propriety and toning down to mild reproofs the tortures inflicted on wicked stepmothers and other naughty characters These explanations have frequently been offered already but as far as ladies and children are concerned to no purpose They still ask the Editor how he can invent so many stories more than Shakespeare pumas and Charles Dickens could have invented in a century And the Editor still avers in Prefaces that he did not invent one of the stories that nobody knows as a rule who invented them or where or when About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
