S.,2015-07-10 Excerpt from The Christian s Secret of a Happy Life This is not a theological book I frankly confess I have not

been trained in theological schools and do not understand their methods nor their terms But the Lord has taught me experimentally and practically certain lessons out of his Word which have greatly helped me in my Christian life and have made it a very happy one And I want to tell my secret in the best way I can in order that some others may be helped into a happy life also I do not seek to change the theological views of a single individual I dare say most of my readers know far more about theology than I do myself and perhaps may discover abundance of what will seem to be theological mistakes About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
