The Circular Study:

The Circular Study Anna Katharine Green, 2013-11-01 I am not an inquisitive woman but when in the middle of a certain warm night in September I heard a carriage draw up at the adjoining house and stop I could not resist the temptation of leaving my bed and taking a peep through the curtains of my window First because the house was empty or supposed to be so the family still being as I had every reason to believe in Europe and secondly because not being inquisitive I often miss in my lonely and single life much that it would be both interesting and profitable for me to know Luckily I made no such mistake this evening I rose and looked out and though I was far from realizing it at the time took by so doing my first step in a course of inquiry which has ended But it is too soon to speak of the end Rather let me tell you what I saw when I parted the curtains of my window in Gramercy Park on the night of September 17 1895 Not much at first glance only a common hack drawn up at the neighboring curb stone The lamp which is supposed to light our part of the block is some rods away on the opposite side of the street so that I obtained but a shadowy glimpse of a young man and woman standing below me on the pavement I could see however that the woman and not the man was putting money into the driver s hand The next moment they were on the stoop of this long closed house and the coach rolled off [The Circular Study \(Annotated\)](#) Anna Katharine

Green, 2018-10-23 *The Circular Study* Large Print by Anna Katharine Green Passing on he came unexpectedly upon a narrow curtain so dark of hue and so akin in pattern to the draperies on the adjoining walls that it had up to this time escaped his attention It was not that of a window for such windows as were to be seen in this unique apartment were high upon the wall indeed almost under the ceiling It must therefore drape the opening into still another communicating room And such he

found to be the case Pushing this curtain aside he entered a narrow closet containing a bed a dresser and a small table The bed was the narrow cot of a bachelor and the dresser that of a man of luxurious tastes and the utmost nicety of habit Both the bed and dresser were in perfect order save for a silver backed comb which had been taken from the latter and which he presently found lying on the floor at the other end of the room
