

CHAPTER 17 Section 4 (pages 588-593)

The Cold War Divides the World

BEFORE YOU READ

In the last section, you read about wars in Korea and Vietnam.

In this section, you will learn about Cold War struggles in other parts of the world.

AS YOU READ

Use the chart below to take notes on Cold War conflicts.

TERMS AND NAMES

Third World Developing nations in Africa, Asia, and Latin America

nonaligned nations Countries that did not take sides with either the United States or the Soviet Union

Fidel Castro Communist leader of Cuba

Rosendo Torres Nicaraguan dictator

Daniel Ortega Leader of Communist rebels in Nicaragua

Ayatollah Ruhollah Khomeini Muslim leader who overthrew the Shah of Iran

COUNTRY	CONFLICT OR CHANGE
Cuba	Castro takes power

Fighting for the Third World

(pages 588-593)

How were developing nations affected by the Cold War?

After World War II, the world's nations were grouped into three "worlds." The First World included the United States and its allies. The Second World consisted of Communist nations led by the Soviet Union. The **Third World** was composed of developing nations in Africa, Asia, and Latin America.

Many Third World nations had serious problems. These problems were often due to a long history of colonialism. Some Third World nations faced political unrest that threatened the peace. Other problems included poverty and a lack of education and technology. Some of these countries tried to stay neutral in the Cold War. They met to form what they called a "third force." It consisted of **nonaligned nations**, or countries that did not take sides between the Soviets and Americans. Others actively sought American or Soviet aid.

The Cold War Divides World Guided Reading

Mark Steyvers

The Cold War Divides World Guided Reading:

Remembering the Cold War David Lowe, Tony Joel, 2014-01-21 Remembering the Cold War examines how more than two decades since the collapse of the Soviet Union Cold War legacies continue to play crucial roles in defining national identities and shaping international relations around the globe Given the Cold War s blurred definition it has neither a widely accepted commencement date nor unanimous conclusion what is to be remembered This book illustrates that there is in fact a huge body of remembrance and that it is more pertinent to ask what should be included and what can be overlooked Over five sections this richly illustrated volume considers case studies of Cold War remembering from different parts of the world and engages with growing theorisation in the field of memory studies specifically in relation to war David Lowe and Tony Joel afford careful consideration to agencies that identify with being victims of the Cold War In addition the concept of arenas of articulation which envelops the myriad spaces in which the remembering commemorating memorialising and even revising of Cold War history takes place is given prominence

The Soviet Union and the June 1967 Six Day War Yaacov Ro'i, Boris Morozov, 2008 Why did the Soviet Union spark war in 1967 between Israel and the Arab states by falsely informing Syria and Egypt that Israel was massing troops on the Syrian border Based on newly available archival sources The Soviet Union and the June 1967 Six Day War answers this controversial question more fully than ever before Directly opposing the thesis of the recently published Foxbats over Dimona by Isabella Ginor and Gideon Remez the contributors to this volume argue that Moscow had absolutely no intention of starting a war The Soviet Union s reason for involvement in the region had more to do with enhancing its own status as a Cold War power than any desire for particular outcomes for Syria and Egypt In addition to assessing Soviet involvement in the June 1967 Arab Israeli Six Day War this book covers the USSR s relations with Syria and Egypt Soviet aims U S and Israeli perceptions of Soviet involvement Soviet intervention in the Egyptian Israeli War of Attrition 1969 70 and the impact of the conflicts on Soviet Jewish attitudes This book as a whole demonstrates how the Soviet Union s actions gave little consideration to the long or mid term consequences of their policy and how firing the first shot compelled them to react to events

The Globalization of World Politics John Baylis, Steve Smith, Patricia Owens, 2011 Now in its fifth edition this title has been fully revised and updated in the light of recent developments in world politics with new chapters on the changing nature of war human security and international ethics

Science Studies during the Cold War and Beyond Elena Aronova, Simone Turchetti, 2016-09-24 This book examines the ways in which studies of science intertwined with Cold War politics in both familiar and less familiar battlefields of the Cold War Taken together the essays highlight two primary roles for science studies as a new field of expertise institutionalized during the Cold War in different political regimes Firstly science studies played a political role in cultural Cold War in sustaining as well as destabilizing political ideologies in different political and national contexts Secondly it was an instrument of science policies in the early Cold War the studies of science were promoted as the underpinning for the national policies framed with regard to both

global geopolitics and local national priorities As this book demonstrates however the wider we cast our net extending our histories beyond the more researched developments in the Anglophone West the more complex and ambivalent both the science studies and the Cold War become outside these more familiar spaces The national stories collected in this book may appear incommensurable with what we know as science studies today but these stories present a vantage point from which to pluralize some of the visions that were constitutive to the construction of Cold War as a juxtaposition of the liberal democracies in the West and the communist East

Jimi Hendrix and the Cultural Politics of Popular Music Aaron Lefkovitz, 2018-03-28 This book on Jimi Hendrix's life times visual cultural prominence and popular music with a particular emphasis on Hendrix's relationships to the cultural politics of race gender sexuality ethnicity class and nation Hendrix an itinerant Gypsy and Voodoo child whose racialized freak visual image continues to internationally circulate exploited the exoticism of his race gender and sexuality and Gypsy and Voodoo transnational political cultures and religion Aaron E Lefkovitz argues that Hendrix can be located in a legacy of black transnational popular musicians from Chuck Berry to the hip hop duo Outkast confirming while subverting established white supremacist and hetero normative codes and conventions Focusing on Hendrix's transnational biography and centrality to US and international visual cultural and popular music histories this book links Hendrix to traditions of blackface minstrelsy international freak show spectacles black popular music's global circulation and visual cultural racial gender and sexual stereotypes while noting Hendrix's place in 1960s countercultural US exceptionalist cultural Cold War and rock histories

Scholastic Update, 1987 **Encyclopedia of the Cold War** Ruud van Dijk, William Glenn Gray, Svetlana Savranskaya, Jeremi Suri, Qiang Zhai, 2013-05-13 Between 1945 and 1991 tension between the USA its allies and a group of nations led by the USSR dominated world politics This period was called the Cold War a conflict that stopped short of a full blown war Benefiting from the recent research of newly open archives the Encyclopedia of the Cold War discusses how this state of perpetual tensions arose developed and was resolved This work examines the military economic diplomatic and political evolution of the conflict as well as its impact on the different regions and cultures of the world Using a unique geopolitical approach that will present Russian perspectives and others the work covers all aspects of the Cold War from communism to nuclear escalation and from UFOs to red diaper babies highlighting its vast ranging and lasting impact on international relations as well as on daily life Although the work will focus on the 1945-1991 period it will explore the roots of the conflict starting with the formation of the Soviet state and its legacy to the present day

Air University Quarterly Review, 1949 *The Sharia State* Bassam Tibi, 2013-07-18 Set against the backdrop of the Arab Spring The Sharia State examines the Islamist concept of political order This order is based on a new interpretation of sharia and has been dubbed the Islamic state by Islamists The concept of the Islamic state has been elevated to a political agenda and it is this agenda that is examined here In contrast to the prevailing view which sees the Arab Spring as a revolution this book argues that the phenomenon has been neither a Spring nor a revolution The term

Arab Spring connotes a just rebellion that led to toppling dictators and authoritarian rulers yet in The Sharia State Bassam Tibi challenges the unchecked assumption that the seizure of leadership by Islamists is a part of the democratization of the Middle East Providing a new perspective on the relationship between the Arab Spring and democratization this book is an essential read for students and scholars of Middle Eastern Studies Islamic Studies and Politics Contemporary Security Studies Alan Collins,2022 With unrivalled coverage of a wide range of issues from terrorism nuclear deterrence and the weapons trade to environmental security transnational crime and cyber security Contemporary Security Studies is the definitive cutting edge introduction to security studies Bringing together contributions from leading scholars it provides a student friendly guide to traditional and critical theoretical approaches as well as the most important contemporary issues that dominate the modern security field Whether you are exploring how politicians portrayed the Covid19 pandemic as a security issue or the role that popular culture plays in promoting peace a broad variety of real world case studies and examples throughout the text encourage you to question your preconceptions of security studies and to critically evaluate key approaches and ideas in the subject New to this Edition A new Chapter 13 on popular culture introduces you to this innovative approach to security studies exploring the role that it plays in shaping and understanding security related processes A revised Chapter 12 on securitization theory traces its emergence and evolution as a framework for analysis covering everything you need to know about its main concepts and criticisms Chapter 27 on transnational crime now includes coverage of the crime terror nexus the relationship between organized crime and the state and a case study focusing on Mexico Every chapter has been thoroughly updated to reflect current political issues and developments in world affairs such as the initial impact of the Covid 19 pandemic climate change and forced migration Book jacket **Latin America's Cold War** Hal Brands,2012-03-05 For Latin America the Cold War was anything but cold Nor was it the so called long peace afforded the world s superpowers by their nuclear standoff In this book the first to take an international perspective on the postwar decades in the region Hal Brands sets out to explain what exactly happened in Latin America during the Cold War and why it was so traumatic Tracing the tumultuous course of regional affairs from the late 1940s through the early 1990s Latin America s Cold War delves into the myriad crises and turning points of the period the Cuban revolution and its aftermath the recurring cycles of insurgency and counter insurgency the emergence of currents like the National Security Doctrine liberation theology and dependency theory the rise and demise of a hemispheric diplomatic challenge to U S hegemony in the 1970s the conflagration that engulfed Central America from the Nicaraguan revolution onward and the democratic and economic reforms of the 1980s Most important the book chronicles these events in a way that is both multinational and multilayered weaving the experiences of a diverse cast of characters into an understanding of how global regional and local influences interacted to shape Cold War crises in Latin America Ultimately Brands exposes Latin America s Cold War as not a single conflict but rather a series of overlapping political social geostrategic and ideological struggles

whose repercussions can be felt to this day *Globalizing Political Theory* Smita A. Rahman, Katherine A. Gordy, Shirin S. Deylami, 2022-12-02 *Globalizing Political Theory* is guided by the need to understand political theory as deeply embedded in local networks of power identity and structure and to examine how these networks converge and diverge with the global. With the help of this book students of political theory no longer need to learn about ideas in a vacuum with little or no attention paid to how such ideas are responses to varying local political problems in different places times and contexts. Key features include Central Conceptual Framework Introducing readers to what it means to globalize political theory and to move beyond the traditional western canon and actively engage with a multiplicity of perspectives Organization Focused on key topics essential for an introductory class aimed at both globalizing political theory and showing how political theory itself is a globalizing activity Themes Colonialism and Empire Gender and Sexuality Religion and Secularism Marxism Socialism and Globalization Democracy and Protest and Race Ethnicity and Indigeneity Pedagogy Each chapter features theoretical concepts and definitions political and historical context key authors and biographical context textual evidence and exegesis from the foundational texts in that thematic area a list of discussion questions and a list of resources for further reading Committed to a multiplicity of perspectives and an active engagement between the global and the local *Globalizing Political Theory* connects directly with undergraduate and graduate level courses in political theory global political theory and non western political thought **Congressional Record** United States. Congress, 1992 The Congressional Record is the official record of the proceedings and debates of the United States Congress It is published daily when Congress is in session The Congressional Record began publication in 1873 Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States 1789 1824 the Register of Debates in Congress 1824 1837 and the Congressional Globe 1833 1873 **Zen and The Art of Organising Work: An Illustrated Guide** Dr Steve Morlidge, 2021-04-13 We live in times of unprecedented turbulence and uncertainty and we are losing faith in our ability to organise ourselves to deal with it The traditional top down functional hierarchy doesn't feel like it works as well as it used to and new generations of workers increasingly demand something a better organisational experience and career that their predecessors had to settle for But when we look for an alternative we are faced with a miasma of competing claims for different organising principles Do we need to be purpose led or profit driven Focussed or flexible More centralised or decentralised Hierarchical or networked Agile Lean or driven by scale And should we all be aiming to become teal organisations This situation is confusing and it is perilous It is also unnatural in a very fundamental sense because it demonstrates that we have failed to learn nature's tricks about how organisations can survive and thrive In any kind of environment No matter how turbulent and unpredictable The remedy prescribed in this book is not a choice between this or that it is about balance Or more specifically maintaining a set of dynamic balances that continuously shift to tame the complexity faced and created by organisations Balance begets calm and poise Calm and poise beget clarity of thought

decisiveness and agility This book paints a picture of what these balances are and how they work It helps readers to describe and make sense of the mess and muddle of organisational life to design healthy workplaces and to diagnose and cure diseased ones It can do this because the book is not a manifesto of hope or wishful thinking It brings together esoteric knowledge amassed over decades about how systems actually work or don't in a form that is both accessible and practical Amongst other things you will learn What creates organisational complexity and how to go about taming it How to achieve economies of scale without incurring diseconomies of scale How to promote freedom to act without sacrificing organisational order About the universal law of organisation About the five structure pillars and The six balances essential for organisations to be viable How to use describe diagnose and treat organisational ills and design healthier ones How to bake in resilience How to nurture and exploit the power of self organisation How to be both stable and nimble agile and lean and to exploit and explore To a curious reader this book is a key to a world of powerful but little understood ideas For a management practitioner it provides a new perspective on familiar problems and a platform for action And it helps a leader to grasp the essence of what is and reimagine what could be

A Pure Solar World Paul Youngquist, 2016-10-25 Youngquist brings considerable skills to the life and work of the legendary but underappreciated and often misunderstood composer keyboardist and poet PopMatters Sun Ra said he came from Saturn Known on earth for his inventive music and extravagant stage shows he pioneered free form improvisation in an ensemble setting with the devoted band he called the Arkestra Sun Ra took jazz from the inner city to outer space infusing traditional swing with far out harmonies rhythms and sounds Described as the father of Afrofuturism Sun Ra created space music as a means of building a better future for American blacks here on earth In *A Pure Solar World* Sun Ra and the Birth of Afrofuturism Paul Youngquist explores and assesses Sun Ra's wide ranging creative output music public preaching graphic design film and stage performance and poetry and connects his diverse undertakings to the culture and politics of his times including the space race the rise of technocracy the civil rights movement and even space age bachelor pad music By thoroughly examining the astro black mythology that Sun Ra espoused Youngquist masterfully demonstrates that he offered both a holistic response to a planet desperately in need of new visions and vibrations and a new kind of political activism that used popular culture to advance social change In a nation obsessed with space and confused about race Sun Ra aimed not just at assimilation for the socially disfranchised but even more at a wholesale transformation of American society and a more creative egalitarian world A welcome invitation to the spaceways Jazzwise

Latin America and the Global Cold War Thomas C. Field Jr., Stella Krepp, Vanni Pettinà, 2020-04-08 Latin America and the Global Cold War analyzes more than a dozen of Latin America's forgotten encounters with Africa Asia and the Communist world and by placing the region in meaningful dialogue with the wider Global South this volume produces the first truly global history of contemporary Latin America It uncovers a multitude of overlapping and sometimes conflicting iterations of Third Worldist movements in Latin America offers insights for better

understanding the region's past and possible futures and challenges us to consider how the Global Cold War continues to inform Latin America's ongoing political struggles Contributors Miguel Serra Coelho Thomas C Field Jr Sarah Foss Michelle Getchell Eric Gettig Alan McPherson Stella Krepp Eline van Ommen Eugenia Palieraki Vanni Pettin Tobias Rupprecht David M K Sheinin Christy Thornton Miriam Elizabeth Villanueva and Odd Arne Westad *Bulletin of the Atomic Scientists*, 1972-10 The Bulletin of the Atomic Scientists is the premier public resource on scientific and technological developments that impact global security Founded by Manhattan Project Scientists the Bulletin's iconic Doomsday Clock stimulates solutions for a safer world **Bulletin of the Atomic Scientists**, 1958-04 The Bulletin of the Atomic Scientists is the premier public resource on scientific and technological developments that impact global security Founded by Manhattan Project Scientists the Bulletin's iconic Doomsday Clock stimulates solutions for a safer world **Jesus and Justice** Peter Goodwin Heltzel, 2009-07-21 This timely book investigates the increasing visibility and influence of evangelical Christians in recent American politics with a focus on racial justice Peter Goodwin Heltzel considers four evangelical social movements Focus on the Family the National Association of Evangelicals Christian Community Development Association and Sojourners The political motives and actions of evangelical groups are founded upon their conceptions of Jesus Christ Heltzel contends He traces the roots of contemporary evangelical politics to the prophetic black Christianity tradition of Martin Luther King Jr and the socially engaged evangelical tradition of Carl F H Henry Heltzel shows that the basic tenets of King's and Henry's theologies have led their evangelical heirs toward a prophetic evangelicalism in a shade of blue green blue symbolizing the tragedy of black suffering in the Americas and green symbolizing the hope of a prophetic evangelical engagement with poverty AIDS and the environment This fresh theological understanding of evangelical political groups shines new light on the ways evangelicals shape and are shaped by broader American culture **Thinking Blue / Writing Red** Stephen Tumino, 2024-08-08 Thinking Blue Writing Red interrogates contemporary culture across a range of texts from the pandemic Covid and Trump Speak to high theory Melville's narratives and popular culture Beyoncé's Formation and Super Bowl performance Twin Peaks metamodern cli-fi films Inspired by Derrida's idea of the secret Tumino examines the significance of social movements Black Lives Matter Occupy alter globalization and naïve art Darger Ryden to argue that these texts speak of the secrets that capitalism cannot speak Contending that the cultural surfaces narrate only the nonsecret that to see the social logic of the culture one must dig into what Bruno Latour questions as the deep dark below Thinking Blue Writing Red reads these texts to tease out the underlying narratives of the culture of capital This book will be of interest to students in several disciplines including philosophy literary and cultural studies film studies women's studies critical race studies history LGBTQ studies and environmental studies
