TIMES BOOK REVIEW EDITORS CHOICE A BOSTON GLOBE BEST BOOK OF THE YEAR This remarkable work about women writers in the English Renaissance explodes our notion of the Shakespearean period by drawing us into the lives of four women who were committed to their craft long before anyone ever imagined the possibility of a room of one's own In an innovative and engaging narrative of everyday life in Shakespeare's England Ramie Targoff carries us from the sumptuous coronation of Queen Elizabeth in the mid sixteenth century into the private lives of four women writers working at a time when women were legally the property of men Some readers may have heard of Mary Sidney accomplished poet and sister of the famous Sir Philip Sidney but few will have heard of Aemilia Lanyer the first woman in the seventeenth century to publish a book of original poetry which offered a feminist take on the crucifixion or Elizabeth Cary who published the first original play by a woman about the plight of the Jewish princess Mariam Then there was Anne Clifford a lifelong diarist who fought for decades against a patriarchy that tried to rob her of her land in one of England's most infamous inheritance battles These women had husbands and children to care for and little support for their art yet against all odds they defined themselves as writers finding rooms of their own where doors had been shut for centuries Targoff flings those doors open revealing the treasures left by these extraordinary women in the process she helps us see the Renaissance in a fresh light creating a richer understanding of history and offering a much needed female perspective on life in Shakespeare's day **The academy**

Brett,2012-04-15 The Sisters of the Holy Family founded in New Orleans in 1842 were the first African American Catholics to serve as missionaries This story of their little known missionary efforts in Belize from 1898 to 2008 builds upon their already distinguished work through the Archdiocese of New Orleans of teaching slaves and free people of color caring for orphans

and the elderly and tending to the poor and needy Utilizing previously unpublished archival documents along with extensive personal correspondence and interviews Edward T Brett has produced a fascinating account of the 110 year mission of the Sisters of the Holy Family to the Garifuna people of Belize Brett discusses the foundation and growth of the struggling order in New Orleans up to the sisters decision in 1898 to accept a teaching commitment in the Stann Creek District of what was then British Honduras The early history of the British Honduras mission concentrates especially on Mother Austin Jones the superior responsible for expanding the order s work into the mission field In examining the Belizean mission from the eve of the Second Vatican Council through the post Vatican II years Brett sensitively chronicles the sisters efforts to conform to the spirit of the council and describes the creative innovations that the Holy Family community introduced into the Belizean educational system In the final chapter he looks at the congregation s efforts to sustain its missionary work in the face of the shortage of new religious vocations Brett s study is more than just a chronicle of the Holy Family Sisters accomplishments in Belize He treats the issues of racism and gender discrimination that the African American congregation encountered both within the church and in society demonstrating how the sisters survived and even thrived by learning how to skillfully negotiate with the white dominant power structure
