Behind the Scenes (Apart From the Crowd Book #1) Jen Turano, 2017-04-18 Start of a Delightful New Series from Historical Romance Author Jen Turano Miss Permilia Griswold may have been given the opportunity of a debut into New York high society but no one warned her she wasn't guaranteed to take. After spending the last six years banished to the wallflower section of the ballroom, she's finally putting her status on the fringes of society to good use by penning anonymous society gossip columns under the pseudonym Miss Quill. Mr. Asher Rutherford has managed to maintain his status as a reputable gentleman of society despite opening his own department store. While pretending it's simply a lark to fill his time, he has quite legitimate reasons for needing to make his store the most successful in the country. When Permilia overhears a threat against the estimable Mr. Rutherford, she's determined to find and warn the man. Disgruntled at a first meeting that goes quite poorly and results in Asher not believing her, she decides to take matters into her own hands, never realizing she'll end up at risk as well. As Asher and Permilia are forced to work together and spend time away from the spotlight of society, perhaps there's more going on behind the scenes than they ever could have anticipated.

Autobiography of an Unknown Indian Nirad C. Chaudhuri, 2023-04-28 The Autobiography of an Unknown Indian by Nirad C. Chaudhuri is a profound and introspective account of a man's journey through early 20th-century India. The narrative weaves the personal with the historical, using the author's life as a lens to explore the broader struggles of Indian civilization confronting British imperialism and modernity. Chaudhuri's intention is to present not merely a memoir but a historical testimony highlighting the intersection of individual experience with societal evolution. His unique perspective, shaped by an exceptional and unconventional path, offers a vantage point akin to an aerial view, detached yet deeply connected to the land below. Written with unflinching honesty, the book delves into themes of identity, colonialism, and the trajectory of Indian society, emphasizing the tension between the dominant national currents and the often-overlooked exceptions that resist them. Addressing an English-speaking audience, Chaudhuri aims to provide insight into the forces that shaped India's

trajectory under British rule and beyond While his experiences are atypical he argues that their value lies in their ability to illuminate the broader environment through a distinct independent lens Chaudhuri candidly critiques both the dominant narratives of his time and the leaders who guide nations into either growth or decline Through his reflections he not only grapples with the complexities of India's societal fabric but also examines the role of exceptional individuals who challenge or reinforce prevailing trends This book stands as a bold declaration of faith in understanding history culture and personal identity amidst the relentless tide of change This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1968
