The Death House English Edition:

The Evolution of the British Funeral Industry in the 20th Century Brian Parsons, 2018-03-28 This book examines the shifts that have taken place in the funeral industry since 1900 focusing on the figure of the undertaker and exploring how organizational change and attempts to gain recognition as a professional service provider saw the role morph into that of funeral director

Masters of the "Humdrum" Mystery Curtis Evans, 2014-01-10 In 1972 in an attempt to elevate the stature of the crime novel influential crime writer and critic Julian Symons cast numerous Golden Age detective fiction writers into literary perdition as Humdrums condemning their focus on puzzle plots over stylish writing and explorations of character setting and theme This volume explores the works of three prominent British Humdrums Cecil John Charles Street Freeman Wills Crofts and Alfred Walter Stewart revealing their work to be more complex as puzzles and as social documents than Symons allowed By championing the intrinsic merit of these mystery writers the study demonstrates that reintegrating the Humdrums into mystery genre studies provides a fuller understanding of the Golden Age of detective fiction and its aftermath
