Reece, 2012-02-28 Vampires and werewolves phantoms and phantasms looming out of the fog leaps the menacing spectre of the lycanthrope ghoul or blood crazed zombie Intrigued by some of the most sinister yet at the same time most compelling legends of western civilization Gregory L Reece dusts down his stake and crucifix loads his silver bullets and takes off into the wilds in search of answers and fresh adventures Rummaging around in crumbling tombs and cobwebbed sarcophagi his latest quest leads him into the haunted realm of the dead and the undead of those carnivorous nocturnal hunters that might perhaps better be left undisturbed Why he asks is our culture obsessed by the eerie and the macabre Why despite its horrors does the dark side of the supernatural its seances and ghost hunting demonic possession and the occult call to us with such dangerous allure Whether tracking night stalking werewolves chanting black magic mantras with Satanists or interviewing a funereal modern day Count Dracula Reece is determined to uncover the truth A wry exploration of a secret and secretive subculture *Creatures of the Night* is at the same time a bold and startling journey into a wraithlike world that has so often seemed to lie beyond the limits of rational comprehension until now *Surrender to the Night* Evelyn Rogers, 1991 **The daughter of night** Stephen Watson Fullom, 1855 **Somewhere in the Night** Nicholas Christopher, 2010-05-11 Film noir is more than a cinematic genre It is an essential aspect of American culture Along with the cowboy of the Wild West the denizen of the film noir city is at the very center of our mythological iconography Described as the style of an anxious victor film noir began during the post war period a strange time of hope and optimism mixed with fear and even paranoia The shadow of this rich and powerful cinematic style can now be seen in virtually every artistic medium The spectacular success of recent neo film noirs is only the tip of an iceberg In the dead on nocturnal jazz of Charlie Parker and Miles Davis the chilled urban landscapes of Edward Hopper and postwar literary fiction from Nelson Algren and William S Burroughs to pulp masters like Horace McCoy we find an unsettling recognition of the dark hollowness beneath the surface of the American Dream Acclaimed novelist and poet Nicholas Christopher explores the cultural identity of film noir in a seamless elegant and enchanting work of literary prose Examining virtually the entire catalogue of film noir Christopher

identifies the central motif as the urban labyrinth a place infested with psychosis anxiety and existential dread in which the noir hero embarks on a dangerously illuminating quest With acute sensitivity he shows how technical devices such as lighting voice over and editing tempo are deployed to create the film noir world Somewhere in the Night guides us through the architecture of this imaginary world be it shot in New York or Los Angeles relating its elements to the ancient cultural archetypes that prefigure it Finally Christopher builds an explanation of why film noir not only lives on but is currently enjoying a renaissance Somewhere in the Night can be appreciated as a lucid introduction to a fundamental style of American culture and also as a guide to film noir s heyday Ultimately though as the work of a bold talent adeptly manipulating poetic cadence and metaphor it is itself a superb aesthetic artifact Night of the Wolf Alice

Borchardt,2002-03-05 The Silver Wolf Alice Borchardt s acclaimed novel of a shapeshifter s struggle to survive as woman and wolf amid the Dark Ages announced the arrival of a ferociously gifted writer Now with her masterful weaving of adventure history and magic Borchardt delves deeper into the shape shifter legend and brings an earlier more savage time brilliantly to life The fearsome legions of Julius Caesar have crushed resistance to Roman rule The power of the druids is broken the shattered tribes retreating to the dubious safety of the high mountains or fleeing north into lands as inhospitable as those left behind Watching all the while through yellow eyes afire with curiosity and intelligence is Maeniel a gray wolf who is also a man This is not the Maeniel of The Silver Wolf Not the mature shapeshifter secure in his dual nature whose hard won wisdom is the equal of his preternatural strength and passion That Maeniel will not exist for another eight hundred years Now he is a stranger to his human half his reason chained to instinct Yet as the ancient civilization of the Gallic tribes is systematically destroyed around him a new Maeniel is about to be born from the ruins It begins with a woman She is Imona young proud beautiful The sight of her fills Maeniel with unfamiliar feelings and desires triggering his transformation from wolf to man In her arms he learns for the first time what it means to love It is a knowledge that will change him forever For when Imona vanishes following a Roman massacre Maeniel begins to learn a very different lesson Following Imona s trail as wolf and man Maeniel is himself pursued by a warrior woman sworn to kill him She is Dryas a queen without a kingdom But the two adversaries will prove to have much in common And the hunt upon which they embark will lead them farther than they can imagine to the gates of Rome itself To the gates of their very souls With Night of the Wolf Alice Borchardt has given us another triumph of soaring imagination and adventure By turns lyrical sensuous and violent hers is a vision of the past that will stir both heart and mind Her writing will possess you like a fever and haunt you like a voluptuous dream **Night of**
