The Department Of Homeland Decency Decency Rules And Regulations Manual:

The Department of Homeland Decency Susan Fuller, Frank Fuller, 2008-01-08 Looking back at history Americans have begun to realize that things were a lot better a long time ago Men worked all day raised large families and didn't expect others to pay for their health care Their wives stayed at home and cooked cleaned and made themselves look pretty just as our gracious Creator intended The children of these decent parents did what they were told spoke only when spoken to and didn't pierce their body parts They understood it was their parents right and obligation to administer spankings Well praise the government Decency is back The USA DECENCY ACT was passed this year by an overwhelming majority Its basic tenets seek to bring us back to a world where Men are men Women are women Men and women are certainly not descended from apes Lunch is not free Nudity belongs at home in the bedroom in the dark By abiding by the rules in this manual the Department of Homeland Decency will soon have everyone marching proudly backwards to the future This manual has been reviewed and approved for general distribution by an unqualified political appointee As there never seems to be enough time to root out and document the seemingly endless variety of the inappropriate and the profane we invite you to report any indecent behaviors we may have neglected to legislate to the appropriate authorities namely us Do not discuss your comments with others before submitting them to our official address which for reasons of national security we are unable to publish in this document or any government directory or website For now all such commentary may be submitted to www.homelanddecency.com where comments will be processed and forwarded to our secure database We apologize for our illusiveness All communications with us once submitted should be promptly forgotten If you need to refer to previous communications with our offices please don't All communications become the property of the Department and cannot be returned or acknowledged in any way In fact we reserve the right to deny receiving them at all unless they contain material of a salacious or improper nature In which case they will be forwarded to our research and prosecution division where your name and your remarks will be entered into our database and cross referenced with all other questionable statements made throughout history
