Metaphysical Divine Wisdom on Soul Consciousness and Purpose Kevin Hunter, 2019-06-27

Soul Consciousness and Purpose looks at the many areas that one's physical and spiritual life all play a big part in the evolving nature of your soul's consciousness which is connected to your life missions and purposes. The more enlightened you become and the more you raise your soul consciousness then the less strain experienced as you navigate through the treacherous waters of the practical world. Your vibration is made up of undetectable cells to the human eye but visible to the spiritual eye. It is an invisible energy field that exists within your soul's aura and physical body. These cells fluctuate and change colors depending on your mood, your thought processes, your actions, who you surround yourself with as well as what you ingest into your body. You are in control of this vibration energy field able to oversee and dictate how well you would like it to function through your life choices. A raised soul consciousness gives you wider psychic perception that allows room for stronger cognitive input. This is the area where divinely guided information from above falls into and is planted. Some of the topics discussed include opening the pathway to divinity, knowing when your soul is transforming and evolving, awakening your creative consciousness, soul contracts, life purposes, healing and transformation, soul groups and earth angels, the earthly birth of the soul and spirit, the higher self, soul growth through grief, soul growth through health issues, soul growth through relationships, soul growth through work and career, soul growth through superficiality, soul growth through emotional healing, the human influences on the soul consciousness and much more.
