Military Women in World Cinema Deborah A. Deacon, Stacy Fowler, 2023-08-10 From British soldier Flora Sandes to the famed World War II Night Witches of the Soviet Air Force women across the globe have

stepped up to defend their countries during every major and minor conflict of the twentieth century and filmmakers have long attempted to capture their stories This book analyzes these military women s portrayals in world cinema examining movies from Israel the United Kingdom Italy the United States Japan and others It includes theatrical releases direct to video productions and made for television films Chapters organize films by decade produced and topics covered include the women s sexuality maternal and marital status leadership skills actual jobs performed and the accuracy of depiction The book also discusses how each film reflects the contemporary social issues of the nation in which it was produced **RAF Leconfield -**

a pictorial history 1937-2015 Mary Foster,2016-08-24 R A F Leconfield was an integral part of the village and St Catherine s church for nearly 40 years until it was handed over to the Army and became Normandy Barracks and the Joint Services Driving School in 1976 E Flight 202 Squadron search and rescue helicopters continued to fly from Leconfield until it too was disbanded in 2015 The book is a pictorial overview of all the Squadrons that served at R A F Leconfield from peace time in 1937 to the Battle of Britain Bomber Command to the cold war and beyond and the heroism of the men who served It is comprised of photos from squadron websites and personal photos from those who served there It was compiled to celebrate the Station s long association with St Catherine s church and the dedication of a new R A F chapel and altar by the Right Reverend Richard Frith Bishop of Hull in 2012 *Absent Aviators* Donna Bridges,Jane Neal-Smith,Albert

Mills,2016-03-16 The objective of this book is to present a number of related chapters on the subject of gender issues in the workplace of the aviation industry More specifically the chapters address the continuing shortfall in the number of women pilots in both civilian and military aviation Considerable research has been carried out on gender issues in the workplace and for example women represent about 10% of employees in engineering This example is often used to show that the consequences of gender discrimination are embedded and difficult to overcome in masculine dominated occupations However women represent only 5 6% of the profession of pilot Clearly there are many factors which mitigate women seeking to become pilots The chapters within this volume raise both theoretical and practical issues endeavouring to address the imbalance of women pilots in this occupation *Absent Aviators* consolidates a diverse range of issues from a number of authors from Australia Austria the United States Canada South Africa and the United Kingdom Each of the chapters is research based and aims to present a broad picture of gender issues in aviation gendered workplaces and sociology underpinned by sound theoretical perspectives and methodologies One chapter additionally raises issues on the historical exclusion of race from an airline The book will prove to be a valuable contribution to the debates on women in masculine oriented occupations and a practical guide for the aviation industry to help overcome the looming shortfall of pilots It is also hoped it will directly encourage young women to identify and overcome the barriers to becoming a civilian or military pilot

Bombers David Wragg,2016-09-23 The role of the bomber has proved to be one of the most controversial aspects of twentieth century warfare Bombers tells the story of the bomber with a blend of narrative and personal accounts recording the history of the principle bombing raids and the skill and courage of those who flew them David Wragg begins with a brief overview of the origins of the concept of aerial bombardment which astonishingly go back several thousand years He then describes the early raids of the First World War and the use of the bomber between the wars by the Germans in the Spanish Civil War the Italians in Abyssinia and by the Japanese in China The Second World War marked the massive deployment of the bomber by the main combatants as a major tactical and strategic weapon and bringing this in depth study up to date Wragg examines the United States controversial campaign of extensive bombing in Vietnam during the 1960s and 70s He also discusses whether with the growing use of cruise missiles the manned bomber may soon be the first element of air power to be made redundant in this age of high technology Fully illustrated with a wide selection of photographs Bombers will appeal to all with an interest in this key weapon of twentieth century warfare

War of Intervention in Angola Adrien Fontanellaz,Tom Cooper,José Augusto Matos,2021-06-23 War of Intervention in Angola Volume 4 continues the coverage of the operational history of the Angolan Air Force and Air Defense Force FAPA DAA as told by Angolan and Cuban sources in the period 1985 1988 Many accounts of this conflict better known in the West as the Border War or the Bush War as named by its South African participants consider the operations of the FAPA DAA barely worth commentary At most they mention a few air combats involving Mirage F 1 interceptors of the South African Air Force SAAF in 1987 and 1988 and perhaps a little about the activity of the FAPA DAA s MiG 23s However a closer study of Angolan and Cuban sources reveals an entirely different image of the air war over Angola in the 1980s indeed it reveals the extent to which the flow of the entire war was dictated by the availability or the lack of air power These issues strongly influenced the planning and conduct of operations by the commanders of the Angolan and Cuban forces Based on extensive research with the help of Angolan and Cuban sources War of Intervention in Angola Volume 4 traces the Angolan and Cuban application of air power between 1985 1988 during which it came of age and the capabilities intentions and the combat operations of the air forces The volume is illustrated with 100 rarely seen photographs half a dozen maps and 15 color profiles and provides a unique source of reference on this subject

Defence Diplomacy and National Security Strategy Ian Liebenberg,Dirk Kruijt,Shrikant Paranjpe,2020-04-20 The post cold war era presented security challenges that at one level are a continuation of the cold war era at another level these phenomena manifested in new forms Whether the issues of economics and trade transfer of

technologies challenges of intervention or humanitarian crisis the countries of the South previously pejoratively labelled Third World or developing countries have continued to address these challenges within the framework of their capabilities and concerns The volume explores defence diplomacies national security challenges and strategies dynamics of diplomatic manoeuvres and strategic resource management of Latin American southern African and Asian countries *Fighting from Above* Brian D. Laslie, 2024-03-19 The story of the United States Air Force USAF stretches back to aerial operations prior to the First World War well before the USAF became a separate service and looks forward to a new era of airpower in space Fighting from Above presents a concise account of this expansive history offering a new perspective on how the air forces of the United States created an independent way of warfare over time From the earliest battles of the USAF's predecessor organizations to its modern incarnation Brian D Laslie identifies four distinct and observable ways of war that developed over four distinct epochs Beginning with the development of early air power 1906 1941 he highlights the creation of roles and missions with bombardment theory and practice ascendant An era of strategic dominance 1942 1975 followed in which the ideas of strategic bombardment ruled the air force when such notions were unceremoniously proven false during the Vietnam era conflicts a period of tactical ascendancy 1975 2019 began Finally Laslie considers the current environment where much of the story of the USAF remains unwritten as it grapples with the prospects and challenges posed by drones and the U S Space Force While detailing combat operations Fighting from Above also pays close attention to technology politics rivalries logistics policy organization equipping and training Thorough concise and innovative in its approach it is an authoritative exceptionally readable history of the development of American airpower **Air & Space Smithsonian**, 2016 **South Africa's High-Stress Security Environment** Gerhard Schoeman, 2024-10-11 This book presents valuable insights into the realities faced by security personnel as they deal with life threatening situations in a high stress security environment The causes and consequences of stress are explored followed by a comprehensive discussion of coping strategies and the negative consequences of not being able to cope effectively In this book a scientifically tested accessible model is also developed which provides a visual overview of the stress management process and captures the flow between stressors personality and coping strategies South Africa's High Stress Security Environment is a helpful guide for anyone who wants to gain a wider understanding and appreciation of the challenges and the courage of security personnel which we often take for granted Print edition not for sale in Sub Saharan Africa Women and the Military Ruth Margolies Beitler, Sarah M. Gerstein, 2021-04-07 This addition to the Women and Society around the World series explores the roles challenges and accomplishments of women in the military in countries across the globe Around the world millions of men serve in their countries militaries be it on land on the seas or in the air But while many militaries have opened all positions to women even those on the front lines others remain closed Countries have cited a number of reasons for their policies including changing views of women and the military conscription and economic and demographic trends Written by a professor of comparative

politics at the United States Military Academy at West Point and an active duty army major this book seeks to provide an understanding of women's roles in militaries around the world. The book is organized by region exploring societal and cultural views of masculinity and war as well as factors influencing changing views of women and the military including conscription and economic and demographic trends. Topics also include sexual harassment, recruitment, and views on women's physicality and strength. High school students, undergraduates, and general readers will find this cross-cultural study a fascinating and important resource.

Spirit of the Blue Hugh Thomas, 2016-08-12 Peter joined the R A F in 1938 on a short service commission and was despatched to France when war broke out. After serving with legendary fighter ace Douglas Bader, Peter was posted to North Africa in 1942 where he was forced to crash land his Hurricane in a minefield. He flew Spitfires on intruder sorties over France before and during D Day on bomber escort duty against V weapons sites and in support of mass daylight raids deep into Germany. Awarded the D F C in December 1944, he also flew as fighter escort to King George VI's Dakota. By the war's end, Peter had flown every mark of Spitfire and Hurricane in the R A F's inventory.

Minding the Gap Between Restorative Justice, Therapeutic Jurisprudence, and Global Indigenous Wisdom Saade, Marta Vides, Halder, Debarati, 2022-10-28 Foundational principles of the contemporary practices of both restorative justice and the concept of therapeutic jurisprudence often import organic and indigenous practices of conflict resolution to resolve insufficiencies and even to explain fundamental ideas. Too often the indiscriminate use of such practices does not mind the gap between the defining principles, the guiding principles, or the limiting principles that challenge particular features of practical applications. Minding the Gap Between Restorative Justice, Therapeutic Jurisprudence, and Global Indigenous Wisdom gives an authentic voice to practitioners and theorists whose work originates in organic or indigenous conflict resolution. It raises awareness of the diversity of approaches to dispute resolution from the deep perspective of their foundations and understands the challenges that arise in the practical application of restorative justice and therapeutic jurisprudence models when using principles disconnected from their foundation. It further offers ways to bridge the gap so that it is no longer an obstacle but a source of transformation. Covering topics such as justice praxes, indigenous conflict resolution, and global indigenous wisdom, this premier reference source is a dynamic resource for HR managers, lawyers, government officials, mediators, counselors, students, and faculty of higher education, librarians, researchers, and academicians.
