measures to enhance labour migrants well being the book shows through vivid ethnographic details how formal migration assistance in itself depends on and produces informal asnd mediated practices The book offers unprecedented insights into what safe migration policies look like in practice It is an innovate contribution to contemporary theorizing of contemporary forms of migration governance and will be of interest to sociologists anthropologists political scientists and human geographers working within the fields of Migration studies Development Studies as well as Southeast Asian and Global Studies The Open Access version of this book available at <http://www.taylorfrancis.com/books/e/9781003185734> has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license
