Brushwood, 2014-06-23 *Mexico in Its Novel* is a perceptive examination of the Mexican reality as revealed through the nation's novel The author presents the Mexican novel as a cultural phenomenon a manifestation of the impact of history upon the nation an attempt by a people to come to grips with and understand what has happened and is happening to them Written in a clear and graceful style this study examines the life of the novel as a genre against the background of Mexican chronology It begins with a survey of the mid twentieth century novel the Mexican novel which came of age in the period following the 1947 publication of Agustín Yez's *The Edge of the Storm* During this time the novel resolved some of its most complicated problems and as a result offered a wider and deeper view of reality Having established this circumstance John Brushwood goes back in time to the Conquest and then moves forward to the twentieth century novel Passing from the Colonial Period into the nineteenth century the author recognizes the relationship between Romanticism and the desire for logical social behavior and then views this relationship in the perspective of the Reform an attempt to bring order out of chaos The novel under the Díaz dictatorship is seen in three different phases and the last Díaz chapter actually moves into the Revolution itself The novel during the years of fighting is considered along with the first post Revolutionary fiction From that point the developing conflict within Mexican reality itself a conflict between introversion and extroversion nationalism and cosmopolitanism reaches out to seek its solution in the novels of the first chapter *Carlos Fuentes* Robert Brody, Charles Rossman, 2014-02-19 Carlos Fuentes is a master of modern world literature With the translation of his major works into English and other languages his reputation has surpassed the boundaries of his native Mexico and of Hispanic literature and has become international Now each new novel stimulates popular and scholarly reviews in periodicals from Mexico City and Buenos Aires to Paris and New York Carlos Fuentes *A Critical View* is the first full scale examination in English of this major writer's work The range and diversity of this critical view are remarkable and reflect similar characteristics in the creative work of Carlos Fuentes a man of formidable intellectual energy and curiosity The whole of Fuentes work is encompassed by Luis Leal as he explores history

and myth in the writer's narrative. Insightful new views of single works are provided by other well-known scholars such as Roberto González Echevarría writing on Fuentes' extraordinary *Terra Nostra* and Margaret Sayers Peden exploring *Distant Relations* for which she served as authorized translator. Here too are fresh approaches to Fuentes' other novels among them *Where the Air Is Clear*, *Aura* and *The Hydra Head* as well as an examination by John Brushwood of the writer's short fiction and a look by Merlin Forster at Fuentes the playwright. Lanin Gyurko reaches outside Fuentes' canon for his fascinating study of the influence of Orson Welles' *Citizen Kane* on *The Death of Artemio Cruz*. Manuel Durán and George Wing consider Fuentes in his role as critic of both literature and art. Carlos Fuentes: A Critical View has been prepared with the writer's many English-speaking readers in mind. Quotations are most frequently from standard readily available English translations of Fuentes' works. A valuable chronology of the writer's life rounds off the volume.

The Fragmented Novel in Mexico

Carol Clark D'Lugo, 2010-01-01. From Mariano Azuela's 1915 novel *Los de abajo* to Rosamar Roffiel's *Amora* of 1989, fragmented narrative has been one of the defining features of innovative Mexican fiction in the twentieth century. In this innovative study, Carol Clark D'Lugo examines fragmentation as a literary strategy that reflects the social and political fissures within modern Mexican society and introduces readers to a more participatory reading of texts. D'Lugo traces defining moments in the development of Mexican fiction and the role fragmentation plays in each. Some of the topics she covers are nationalist literature of the 1930s and 1940s, self-referential novels of the 1950s that focus on the process of reading and writing the works of Carlos Fuentes, novels of *La Onda* that came out of rebellious 1960s Mexican youth culture, gay and lesbian fiction, and recent women's writings. With its sophisticated theoretical methodology that encompasses literature and society, this book serves as an admirable survey of the twentieth-century Mexican novel. It will be important reading for students of Latin American culture and history as well as literature.

Urban Spaces in Contemporary Latin American Literature José Eduardo González, Timothy R. Robbins, 2018-06-29. This collection of essays studies the depiction of contemporary urban space in twenty-first-century Latin American fiction. The contributors to this volume seek to understand the characteristics that make the representation of the postmodern city in a Latin American context unique. The chapters focus on cities from a wide variety of countries in the region, highlighting the

cultural and political effects of neoliberalism and globalization in the contemporary urban scene Twenty first century authors share an interest for images of ruins and dystopian landscapes and their view of the damaging effects of the global market in Latin America tends to be pessimistic As the book demonstrates however utopian elements or spaces of hope can also be found in these narrations which suggest the possibility of transforming a capitalist dominated living space **Luis Leal**

Mario T. García,2010-01-01 Professor Luis Leal is one of the most outstanding scholars of Mexican Latin American and Chicano literatures and the dean of Mexican American intellectuals in the United States He was one of the first senior scholars to recognize the viability and importance of Chicano literature and through his perceptive literary criticism helped to legitimize it as a worthy field of study His contributions to humanistic learning have brought him many honors including Mexico s Aquila Azteca and the United States National Humanities Medal In this testimonio or oral history Luis Leal reflects upon his early life in Mexico his intellectual formation at Northwestern University and the University of Chicago and his work and publications as a scholar at the Universities of Illinois and California Santa Barbara Through insightful questions Mario García draws out the connections between literature and history that have been a primary focus of Leal s work He also elicits Leal s assessment of many of the prominent writers he has known and studied including Mariano Azuela William Faulkner Octavio Paz Carlos Fuentes Juan Rulfo Gabriel García Márquez Jorge Luis Borges Tomás Rivera Rolando Hinojosa Rudolfo Anaya Elena Poniatowska Sandra Cisneros Richard Rodríguez and Ana Castillo **The Rough Guide to Mexico** John

division **The Oxford Handbook of the Latin American Novel** Juan E. De Castro, Ignacio Lòpez-Calvo, 2023 The Latin American novel burst onto the international literary scene with the Boom era led by Julio Cortázar, Gabriel García Márquez, Carlos Fuentes and Mario Vargas Llosa and has influenced writers throughout the world ever since. García Márquez and Vargas Llosa each received the Nobel Prize in literature and many of the best known contemporary novelists are inspired by the region's fiction. Indeed, magical realism, the style associated with García Márquez, has left a profound imprint on African, American, African, Asian, Anglophone, Caribbean, and Latinx writers. Furthermore, post-Boom literature continues to garner interest from the novels of Roberto Bolaño to the works of César Aira and Chico Buarque to those of younger novelists such as Juan Gabriel Vásquez, Alejandro Zambra, and Valeria Luiselli. Yet for many readers, the Latin American novel is often read in a piecemeal manner, delinked from the traditions, authors, and social contexts that help explain its evolution. The Oxford Handbook of the Latin American Novel draws literary, historical, and social connections so that readers will come away understanding this literature as a rich and compelling canon. In forty-five chapters by leading and innovative scholars, the Handbook provides a comprehensive introduction helping readers to see the region's intrinsic heterogeneity; for only with a broader view can one fully appreciate García Márquez or Bolaño. This volume charts the literary tradition of the Latin American novel from its beginnings during colonial times, its development during the nineteenth and the first half of the twentieth century, and its flourishing from the 1960s onward. Furthermore, the Handbook explores the region's representations of identity, narrative trends, and authors that make this literature so diverse and fascinating, reflecting on the Latin American novel's position in world literature.

Between Camp and Cursi Brandon P. Bisbey, 2022-01-01 *Between Camp and Cursi* examines the role of humor in portrayals of homosexuality in contemporary Mexican literature. Brandon P. Bisbey argues that humor based on camp and cursilería, a form of bad taste that expresses a sense of social marginalization, is used to represent key social conflicts and contradictions of modernity in Mexico. Combining perspectives from queer theory, humor theory, and Latin American cultural studies, Bisbey looks at a corpus of canonical and lesser-known texts that treat a range of topics relevant to contemporary discussions of gender, sexuality, race, and human rights in Mexico, including sex work, transvestitism, bisexuality, same-sex marriage, racism, classism, and homophobic and transphobic violence. Emphasizing the subversive possibilities of the comic, *Between Camp and Cursi* considers how this body of twentieth and twenty-first century literature has challenged heteronormativity in Mexico and wrestled more broadly with both the colonial underpinnings of modernity and hegemonic Western gender norms.
