

I Am Poem Resource

I AM Catherine (8/2/06)

I am my future and my past
I wonder if ghosts and angels tell tales
I hear songs in wind chimes
I see wishes in eyes
I want there to be answers
I am my future and my past

I pretend I am selfless
I feel nothing
I touch dreams
I worry there are places where no one can feel
I cry for little girls who are sent there
I am my future and my past

I understand that self destruction is a revolt against falseness
I say that healing rescues integrity
I dream of shamans and healers
I try to understand the wishes in my eyes
I hope to know the me that they see
I am my future and my past

Who Am I to Judge? Mark Tushnet,2025-02-25 A leading legal scholar asks a fundamental question Do we need a theory of constitutional interpretation Do we need a theory of constitutional interpretation It is a common argument among originalists that however objectionable you may find their theory at least they have one whereas their opponents do not have any theory at all But as Mark Tushnet argues for most of the Supreme Court s history including some of its most exceptional periods the Court operated without a theory In this book Tushnet shows us what a constitutional theory actually is what judges need from it and why they probably can t get what they need and the great harm that results when judges allow theory to dictate bad policy It is not theory that matters Tushnet argues The vitally important indispensable quality in a judge is good judgment

Who Am I Without You? Christina G. Hibbert, 2015-03-01 A breakup or divorce can often send people into a tailspin causing an identity crisis and loss of self worth Who Am I Without You offers powerful skills based in cognitive behavioral therapy CBT positive psychology and mindfulness to help women tackle the difficult emotions that can surface after a breakup such as grief loss anger fear worry and low self esteem The simple tools and exercises in this book will help women break through the heartache of their past relationship rediscover their true self and live and love again *Who Am I? Where Am I? What Am I Doing Here?* A. F. Kenton, 2019-12-10 This book is unusual in a number of ways It is supposedly a text book but it will probably never be used as one in any major educational school system The book was also intended as a guide for determining one's reality which effects moral behavior Yet no hard and fast rules are ever mentioned but one What this book does do is to question everything that we accept in this physical reality as tangible and says that it is first intangible Can the average person accept that responsibility Who Am I? Who Is She? Gerard P. Montague, 2013-05-02 Are persons physical things members of the species homo sapiens which exist solely in materialist form continuous in structure with other living things Or is the issue a more complex one are there more dimensions to being a person than mere physical biological existence These are matters of interest and discussion in many fields of study in this age of individuality In this wide ranging essay the author addresses various aspects of the issue including the history of self and identity The ancient tradition of dualism is rejected in favour of a straightforward holistic and naturalistic account of selfhood it is argued that the mind arises in an emergent sense from the body and personal identity is best expressed in terms of a self reflective and meaningful narrative The approach is principally from an analytic philosophy point of view but also takes on board psychological and sociological aspects of self and identity *Who Am I Now That I Am Alone? A Journey Back after Divorce or Death* James L Ramsey, 2014-08-13 The Who Am I Now That I Am Alone program began after my divorce I gathered others who had experienced divorce into a group to explore our situation and how we could move forward with our lives This group became one of the first in the country to help people going through divorce remember in the 70's there still was not a great deal of

acceptance of divorce in the culture Hundreds of people have experienced the program that was developed after the first group and have found it very helpful Over the years people have asked to read the book but it was a group process guide and not a narrative This book translates most of the program s material which was designed for group interaction into a format that will allow those who have experienced loss through divorce or death to benefit from the program on their own Chapters 1 3 concern communication including communicating and understanding feelings We can only develop meaningful relationships through effective communication These chapters also work on improving both interpersonal communication skills and your internal self talk communication Chapters 4 6 focus on understanding the importance of personal relationships in our lives guiding readers to move out and expand and deepen supportive relationships These are important skills for enriching the quality of anyone s life Finally Chapters 7 8 are designed to help readers develop a more positive personal identity Many people come out of a divorce or the loss of a relationship feeling like a failure and somewhat worthless These chapters reintroduce readers to their authentic selves Your authentic self has so many good qualities which when recognized and affirmed will offset the feelings of guilt and failure This change in perspective will bring the motivation to leave the past behind and build a new and exciting life
