

PHAR1201: Introduction to Formulation Sciences

Gallaghan

Semester 1 - 2023

THE UNIVERSITY OF
NEWCASTLE
AUSTRALIA

OVERVIEW

Course Description

Provides students with an understanding of the physical pharmacy principles applied to the design, formulation and effective use of pharmaceutical dosage forms. This includes solubility and the process of dissolution, basic colligative properties and osmolarity, surface tension and interfacial phenomena, and pH and ionization. An introduction to concepts around stability/degradation and storage/preservation will also be explored.

This course is a Compulsory Program Component that students must pass in order to progress in the Bachelor of Pharmacy (Honours) program.

Requisites

This course is only available to students enrolled in the Bachelor of Pharmacy (Honours) program.

Contact Hours

Callaghan

Lecture

Online - recorded

Span2000 Course Outline:

M SPAN 2000, 1991 *Visual and Multimedia Information Management* Xiaofang Zhou, Pearl Pu, 2013-11-11 Current research in Visual Database Systems can be characterized by scalability multi modality of interaction and higher semantic levels of data Visual interfaces that allow users to interact with large databases must scale to web and distributed applications Interaction with databases must employ multiple and more diversified interaction modalities such as speech and gesture in addition to visual exploitation Finally the basic elements managed in modern databases are rapidly evolving from text images sound and video to compositions and now annotations of these media thus incorporating ever higher levels and different facets of semantics In addition to visual interfaces and multimedia databases Visual and Multimedia Information Management includes research in the following areas Speech and aural interfaces to databases Visualization of web applications and database structure Annotation and retrieval of image databases Visual querying in geographical information systems Video databases and Virtual environment and modeling of complex shapes Visual and Multimedia Information Management comprises the proceedings of the sixth International Conference on Visual Database Systems which was sponsored by the International Federation for Information Processing IFIP and held in Brisbane Australia in May 2002 This volume will be essential for researchers in the field of management of visual and multimedia information as well as for industrial practitioners concerned with building IT products for managing visual and multimedia information *Industrial Management* John R. Dunlap, 1903 *Linguistic Relativity in SLA* ZhaoHong Han, Teresa Cadierno, 2010-06-18

Crosslinguistic influence is an established area of second language research and as such it has been subject to extensive scrutiny Although the field has come a long way in understanding its general character many issues still remain a conundrum for example why does transfer appear selective and why does transfer never seem to go away for certain linguistic elements Unlike most existing studies which have focused on transfer at the surface form level the present volume examines the relationship between thought and language in particular thought as shaped by first language development and use and its interaction with second language use The chapters in this collection conceptually explore and empirically investigate the relevance of Slobin's Thinking for Speaking Hypothesis to adult second language acquisition offering compelling and enlightening evidence of the fundamental nature of crosslinguistic influence in adult second language acquisition

Machinery Fred Herbert Colvin, Lester Gray French, 1908 **Machinery** Lester Gray French, 1909 **Factory and Industrial Management** John Robertson Dunlap, Arthur Van Vliissingen, John M. Carmody, 1903 **Baseball Between the Numbers** Jonah Keri, Baseball Prospectus, 2007-02-27 In the numbers obsessed sport of baseball statistics don't merely record what players managers and owners have done Properly understood they can tell us how the teams we root for could employ better strategies put more effective players on the field and win more games The revolution in baseball statistics that began in the 1970s is a controversial subject that professionals and fans alike argue over without end Despite this

fundamental change in the way we watch and understand the sport no one has written the book that reveals across every area of strategy and management how the best practitioners of statistical analysis in baseball people like Bill James Billy Beane and Theo Epstein think about numbers and the game Baseball Between the Numbers is that book In separate chapters covering every aspect of the game from hitting pitching and fielding to roster construction and the scouting and drafting of players the experts at Baseball Prospectus examine the subtle hidden aspects of the game bring them out into the open and show us how our favorite teams could win more games This is a book that every fan every follower of sports radio every fantasy player every coach and every player at every level can learn from and enjoy **Daniel in the Preterists' Den**

Thomas A. Howe,2008-06-01 In recent years there has been rise in popularity and visibility of the debate about the last things Preterists and Futurists have published books articles and even movies promoting their respective views This debate has elevated the interest of the Christian public in eschatological issues Along with the increased interest in eschatology there has been a rise in popularity of the Preterist view which holds that most or all of the prophecies about Christ s coming have already been fulfilled that the second coming took place in 70 AD Most of the discussion from those who espouse the Preterist view however revolves around certain passages in the New Testament and their treatment of Old Testament passages is sporadic and selective The importance of the book of Daniel in these discussions cannot be overstated However most commentaries on Daniel from a Futurist perspective have not dealt with the Preterists interpretations of the key prophetic passages There simply is no detailed commentary on the book of Daniel that addresses the Preterist interpretations of this important book This book is a commentary on the entire book of Daniel from a Futurist perspective that specifically addresses the Preterist interpretations of the key prophetic passages This is not a book that selects passages out of the context of the book and attempts to explain their prophetic significance Rather this is a commentary on the entire book of Daniel that places these critical prophetic passages in their literary and historical context and then deals with the various interpretations of these passages as they fit into the context of the book as a whole **Machinery** ,1909

Aerodynamics of Large Bridges Allan Larsen,2017-10-19 As bridges spans get longer lighter and more slender aerodynamic loads become a matter of serious study This volume of proceedings reflect the co operation between civil and mechanical engineering and meteorology in this field *The Engineering Index* ,1906 **Engineering Magazine** ,1903

The Engineering Index John Butler Johnson, Henry Harrison Supplee, Johannes H. Cuntz, Charles Buxton Going, 1906

The Mechanical World ,1927 **History of the Forth Bridge** ,1911 *Mechanical World and Metal Trades Journal* ,1927 **The Electrician** ,1863 **Lonely Planet Barcelona** Lonely Planet, Sally Davies, Catherine Le Nevez, Isabella Noble,2018-11-01 Lonely Planet The world s number one travel guide publisher Lonely Planet s Barcelona is your passport to
