Language Learning Strategies Around the World Rebecca L. Oxford,1996 **A Guide to Quantitative Research Methods in Second Language Pronunciation** Charlie Nagle,2024-07-31 This book offers a comprehensive resource on the state of the art in L2 pronunciation surveying the most up to date theoretical and methodological developments to highlight the multidimensional nature of pronunciation scholarship and directions for future research The volume examines both speech perception and production including the perception production link The book explores production from a range of perspectives including acoustic analysis of specific features and listener based ratings of global dimensions of pronunciation Each chapter spotlights a different dimension of pronunciation through a consistent structure including a summary of the latest research a critical appraisal of methods and an overview of data analysis procedures with recommendations for practical implementation The innovative interconnected structure allows readers to build on their knowledge with each successive chapter while also allowing the flexibility to use chapters as standalone units depending on individual interests A concluding chapter outlines a research agenda for future scholarship spotlighting the methods and approaches that are most likely to advance the field This book is an invaluable resource for graduate students and researchers at all stages of their

careers looking to expand their knowledge base in SLA and L2 pronunciation and related fields such as phonetics and phonology *Effective Programs for Latino Students* Robert E. Slavin, Margarita Calderon, Margarita Calderon, 2012-11-12 Latino or Hispanic children are one of the fastest growing groups in U S schools today On average these students perform worse than Anglo students on measures of academic achievement and other measures of academic success and their drop out rate is high There are schools of excellence among those serving Latino children but the majority of these children are placed at risk by schools and community institutions unable to build on the cultural personal and linguistic strengths these children are likely to bring with them to school Schools serving Latino students need programs based on high quality research capable of being replicated and adapted to local circumstances and needs The purpose of this book is to present the current state of the art with respect to research on effective instructional programs for Latino students in elementary and secondary grades Surprisingly this has not been done before there are many books on the situation of Latino students in U S schools but none so far have reviewed research on the outcomes of programs designed to enhance the academic achievement of these students The chapters represent a broad range of methodologies from experimental to correlational to descriptive and the solutions they propose are extremely diverse Each examines in its own way programs and practices that are showing success Together they present a rich array of research based effective programs that are practical widely available and likely to make a profound difference What binds the chapters together is a shared belief that Latino students can succeed at the highest levels if they receive the quality of instruction they deserve and a shared belief that reform of schools serving many Latino students is both possible and essential This is a book filled with statistics description and reviews of research but even more it is filled with optimism about what schools for Latino students can be and what these students will achieve It is a highly relevant and useful resource for educators policymakers and researchers who want to use research to inform the decisions they make about how to help Latino students succeed in elementary and secondary schools and beyond **The Pharmaceutical Journal ...** ,1876 **Language Attitudes and the Pursuit of Social Justice** Mara R. Barbosa, Talia Bugel, 2024-11-28 *Language Attitudes and the Pursuit of Social Justice* explores the relationship between language attitudes and forms of inequality and oppression fostering greater awareness of how linguistic choices become political ones and encouraging the search for practices that promote social justice The volume is organized around different sections that look at language attitudes and their intersections with different dimensions of contemporary social and cultural life including language policy and planning language and education and the role of identity in forming strong communities that promote multilingualism and multiculturalism Both established and emerging scholars explore the ways in which language attitudes are informed by extralinguistic factors drawing on case studies involving French Italian and Spanish in Canada interaction of migrant languages in Austria national languages in West Africa and Senegal signed languages in Spain Spanish in Aruba Uruguay the US Catalonia and Majorca and Quechua in Peru The collection urges the development of critical linguistic

awareness and a view of languages which recognizes that they shift and change across time and space This book will be of particular interest to scholars of sociolinguistics multilingualism language education language policy and planning and bilingual education 1980 census of population and housing ,1984 *Research in Young Children's Literacy and Language Development* Olivia N. Saracho,2019-12-13 The importance of the early years in young children s lives and the rigid inequality in literacy achievement are a stimulating backdrop to current research in young children s language and literacy development This book reports new data and empirical analyses that advance the theory of language and literacy with researchers using different methodologies in conducting their study with both a sound empirical underpinning and a captivating analytical rationalization of the results The contributors to this volume used several methodological methods e g quantitative qualitative to describe the complete concept of the study the achievement of the study and the study in an appropriate manner based on the study s methodology The contributions to this volume cover a wide range of topics including dual language learners Latino immigrant children children who have hearing disabilities parents and teachers beliefs about language development early literacy skills of toddlers and preschool children interventions multimodalities in early literacies writing and family literacy The studies were conducted in various early childhood settings such as child care nursery school Head Start kindergarten and primary grades and the subjects in the studies represent the pluralism of the globe a pluralism of language backgrounds ethnicity abilities and disabilities This book was originally published as a special issue of Early Child Development and Care **The Techne** ,1924 Nuclear Science Abstracts ,1966 **The Modern Language Journal** ,1925 Includes section Reviews
