Australia's birds are strikingly different from birds of other lands often more intelligent and aggressive often larger and longer lived Tim Low a renowned biologist with a rare storytelling gift here presents the amazing evolutionary history of Australia's birds The story of the birds it turns out is inseparable from the story of the continent itself and also the people who inhabit it **Something in This Book Is True, Second Edition** Bob Frissell, 2011-10-25 A training manual for navigating a future full of danger and hope this book considers earth changes pole shifts Hopi prophecies the secret government and much more Written in Bob Frissell's warm personal style with updated commentary *Something in This Book Is True* is both an account of Frissell's journey to inner discovery and empowerment and a most unusual reader's guide Delving into topics as eclectic as polarity consciousness emotional body clearing and higher selves Frissell affirms that humanity is composed of spiritual beings having human experiences not vice versa This new edition incorporates photos and illustrations into Frissell's engaging text How It All Began Nikolai Bukharin, 1998-06-05 Here at last in English is Nikolai Bukharin's autobiographical novel and final work Many dissident texts of the Stalin era were saved by chance by bravery or by cunning others were systematically destroyed Bukharin's work however was simultaneously preserved and suppressed within Stalin's personal archives At once novel memoir political apology and historical document *How It All Began* known in Russia as the prison novel adds deeply to our understanding of this vital intellectual and maligned historical figure The panoramic story composed under the worst of circumstances traces the transformation of a sensitive young man into a fiery agitator and presents a revealing new perspective on the background and causes of the revolution that transformed the face of the twentieth century Among the millions of victims of the reign of terror in the Soviet Union of the 1930's Bukharin stands out as a special case Not yet 30 when the Bolsheviks took power he was one of the youngest most popular and most intellectual members of the Communist Party In the 1920's and 30's he defended Lenin's liberal New Economic Policy claiming that Stalin's policies of forced industrialization constituted a military feudal exploitation of the masses He also warned of the approaching tide of European fascism and its threat to the new Bolshevik revolution For his opposition Bukharin paid with his freedom and his life He was arrested and spent a year in prison In what was one of the most infamous show trials of the time Bukharin confessed to being a counterrevolutionary while denying any particular crime and was executed in his prison cell on March 15 1938 While in prison Bukharin wrote four books of which this unfinished novel was the last It traces the development of Nikolai Kolya Petrov closely modeled on Nikolai Kolya Bukharin from his early childhood though to age fifteen In lyrical and poetic terms it paints a picture of Nikolai's growing political consciousness and ends with his activism on the eve of the failed 1905 revolution The novel is presented here along with the only surviving letter from Bukharin to his wife during his time in prison an epistle filled with fear longing and hope for his family and his nation The introduction by Stephen F Cohen articulates Bukharin's significance in Soviet history and reveals the troubled journey of this novel from Stalin's archives into the light of day The Book of Martyrs ...
