White Schooldays Coming Of Age In Apartheid South Africa:

White Schooldays Isme Bennie, 2014-12-10 As a young girl Ism Bennie didn't realize how privileged she was A white South African growing up during the apartheid era her life was one of pleasure She was a child at play under the warm African sun As she grew however and became more aware of the suffering of the black community in her country she began to understand the evils of apartheid in a way that only those who lived through it can White Schooldays is a reflection on the relative normalcy of Bennie's life in the 1940s and 1950s a life filled with her pets family sports and friends As a Jew Bennie was a minority within a minority but she still enjoyed the benefits of life as a white South African Her everyday pleasurable experiences stand in stark contrast to the violence discrimination and political upheaval that went on around her As Bennie changed from a girl to a woman the bliss of ignorance faded away White Schooldays is Bennie's homage to a way of life that was special and beautiful for those who were privileged enough to lead it and a look at the political reality of the times to keep it all in perspective John M. Allen, 2002 Although British born John Allen lived in South Africa from 1954 to 1990 a 36 year period during which the country experienced its most climactic and sometimes terrible events Speaking from firsthand knowledge and with an intimate understanding of the situation the author takes us beyond the media hype that so dominated Western television screens and answers some of the most vital questions of all Who for instance originated the system of government the world grew to hate so much Was South Africa the only apartheid country What was the West's real motive in forcing the country to its knees Why did Nelson Mandela's release from prison exacerbate rather than diminish violence What was the country's overall perception of its most famous political prisoner Growing up White in Apartheid South Africa addresses these and a host of other issues bringing to light little known facts eyewitness detail and personal reflection

Apartheid South Africa John Allen, 2005 Speaking from firsthand knowledge and with an intimate understanding of the situation the author takes us beyond the media hype that so dominated Western television screens to answer some of the most vital questions concerning the apartheid era bringing to light little known facts concerning historical detail and providing the reader with eyewitness accounts of day to day life in one of the most dangerous countries in the world back cover

The Bang-Bang Club, movie tie-in Greg Marinovich, Joao Silva, 2011-03-01 The Bang Bang Club is the story of four young photographers who covered the last years of apartheid taking many of the most memorable photographs of the period In this stunning new book the group's two surviving members recount their political emotional and personal journeys through these violent years as South Africa moved toward democracy Along the way we accompany them on free lance assignments to other war torn regions including the former Yugoslavia and the Sudan where one member of the group shoots what has become a world famous photograph of a starving child stalked by a vulture The boldness that earned the group its nickname that prompted them to rush headlong into dangerous situations in pursuit of an image forces them to consider difficult questions that lie at the heart of their work When does their sense of humanity overwhelm their ambition and

professional duties When do they put aside their cameras and their impartiality and get involved These are the moral dilemmas that the Bang Bang Club grappled with on a daily basis *Some Evidence of Things Seen*, 1997 *The Columbia Guide to South African Literature in English Since 1945* Gareth Cornwell, Dirk Kloppe, Craig Mackenzie, 2010-04-13 From the outset South Africa's history has been marked by division and conflict along racial and ethnic lines From 1948 until 1994 this division was formalized in the National Party's policy of apartheid Because apartheid intruded on every aspect of private and public life South African literature was preoccupied with the politics of race and social engineering Since the release from prison of Nelson Mandela in 1990 South Africa has been a new nation in the making inspired by a nonracial idealism yet beset by poverty and violence South African writers have responded in various ways to Njabulo Ndebele's call to rediscover the ordinary The result has been a kaleidoscope of texts in which evolving cultural forms and modes of identity are rearticulated and explored An invaluable guide for general readers as well as scholars of African literary history this comprehensive text celebrates the multiple traditions and exciting future of the South African voice Although the South African Constitution of 1994 recognizes no fewer than eleven official languages English has remained the country's literary lingua franca This book offers a narrative overview of South African literary production in English from 1945 to the postapartheid present An introduction identifies the most interesting and noteworthy writing from the period Alphabetical entries provide accurate and objective information on genres and writers An appendix lists essential authors published before 1945 **The Bang-bang Club** Greg Marinovich, João Silva, 2000 A gripping story of four remarkable young men photographers friends and rivals who band together for protection in the final violent days of white rule in South Africa
