Every Choice Matters Anne Hartley, 2013-06 Rarely does success or failure result from one choice or one lucky break but rather the quality of your life is determined by the multitude of small choices that you make on a regular basis To create a rich and meaningful life you need to honour your essential nature know what motivates and

challenges you and what your raw potential is If you choose to develop your raw potential and share your gifts with others you find your true purpose Who you are today is a result of the conscious and unconscious decisions you made about yourself up to now Who you will be tomorrow is still undecided Every time you act on a choice which empowers you you reinforce the belief that you can have what you want and your life begins to change It s not what happens to you that determines how you feel and what you can do or have It s the daily choices that you act upon This book is a practical map for making every day choices which determine the quality of your life The Dharma Bum's Guide to Western Literature Dean Sluyter,2022-03-29

Anderson, 2012-05 In life everyone at some time or another will experience what is commonly referred to as problems Moving Mountains is a manual of sorts to assist people in the removal of life s problems This removal process occurs by first looking at some commonly held beliefs and ideas held by our society Secondly this removal occurs by realizing that a shift in perception is needed As the reader continues to read and walk through the journey laid out in the pages of the book the task of noticing and in time changing existing paradigms will become the number one mission This mission allows the reader to realize that the mountains in life problems challenges issues and traumas are blessings that can be used as stepping stones to greater awareness and increase one s ability to live a sacred life The book guides the reader through the process of personal transformation by challenging what is believed and what the reader feels is known with various ideas and concepts that the author has found over years of study to be of immeasurable value and use so that the mountains can be moved just as Jesus the Christ said in Matthew 17 20 if you have faith as small as a mustard seed you can say to this mountain Move from here to there and it will move Nothing will be impossible for you **American Veda** Philip Goldberg, 2013-05-14 A fascinating look at India s remarkable impact on Western culture this eye opening popular history shows how the ancient philosophy of Vedanta and the mind body methods

of Yoga have profoundly affected the worldview of millions of Americans and radically altered the religious landscape What exploded in the 1960s following the Beatles trip to India for an extended stay with their new guru Maharishi Mahesh Yogi actually began more than two hundred years earlier when the United States started importing knowledge as well as tangy spices and colorful fabrics from Asia The first translations of Hindu texts found their way into the libraries of John Adams and Ralph Waldo Emerson From there the ideas spread to Henry David Thoreau Walt Whitman and succeeding generations of receptive Americans who absorbed India's science of consciousness and wove it into the fabric of their lives Charismatic teachers like Swami Vivekananda and Paramahansa Yogananda came west in waves prompting leading intellectuals artists and scientists such as Aldous Huxley Joseph Campbell Allen Ginsberg J D Salinger John Coltrane Dean Ornish and Richard Alpert aka Ram Dass to adapt and disseminate what they learned from them The impact has been enormous enlarging our current understanding of the mind and body and dramatically changing how we view ourselves and our place in the cosmos Goldberg paints a compelling picture of this remarkable East to West transmission showing how it accelerated through the decades and eventually moved from the counterculture into our laboratories libraries and living rooms Now physicians and therapists routinely recommend meditation words like karma and mantra are part of our everyday vocabulary and Yoga studios are as ubiquitous as Starbucks The insights of India's sages permeate so much of what we think believe and do that they have redefined the meaning of life for millions of Americans and continue to do so every day Rich in detail and expansive in scope American Veda shows how we have come to accept and live by the central teaching of Vedic wisdom Truth is one the wise call it by many names
