LeMieux,Laura E. Mize,2018-04-09 Once considered just an insect ridden swampland Florida is now a top destination for tourism business agriculture and innovation thanks to these 25 individuals Florida is in many ways both the oldest and newest of the megastates The ideas and actions of a colorful cast of characters from beloved cultural icons to political heroes and even a socialist dictator transformed the peninsula A Barbados native rescued Florida's orange industry after the catastrophic 1835 freeze Known as the Grande Dame of the Everglades Marjory Stoneman Douglas worked tirelessly to save the state's vast incomparable wetlands from annihilation in the early twentieth century In the mid 1800s a Florida doctor developed a precursor to modern air conditioning Join former U S senator George LeMieux and journalist Laura Mize as they profile and rank according to impact the 25 trailblazers who have changed the Sunshine State forever **Climate Change and Sea Level Rise in South Florida** Risa Palm,Toby Bolsen,2020-01-01 South Florida is frequently cited as the part of the United State of America as most susceptible to the devastation accompanying sea level rise Several scholarly studies have shown the negative impact of coastal location in Florida on housing values Are the residents of South Florida concerned Is susceptibility to sea level rise

actually affecting the housing market in terms of demand the availability of home mortgages or house prices Are people living at particular risk from sea level rise aware of this risk and more open to new information about climate change Do they support policies and laws to mitigate the pace and extent of climate change Answers to these questions are not only of general interest but they are also key to our understanding of the human dimensions of this problem This book describes the results of a detailed survey in which respondents viewed a local map displaying flooding to their own community that would result from a Category 3 hurricane in 2033 It discusses political party identification and ideology that has an overwhelming impact in shaping views about sea level rise and climate change This book has enormous implications for the effectiveness of communicating risk information The text is important if we as a nation are to design communication strategies that will lead to broader policy to combat or mitigate this risk

Growing Up Getty James Reginato,2022-07-05 Oil magnate J Paul Getty once the richest man in the world is the patriarch of an extraordinary cast of sons grandchildren and great grandchildren While some have been brought low by mental illness drug addiction and one of the most sensational kidnapping cases of the 20th century many of Getty s heirs have achieved great success In addition to Mark Getty a co founder of Getty Images and Anne G Earhart an award winning environmentalist others have made significant marks in a variety of fields from music and viniculture to politics and LGBTQ rights Through extensive research including access to J Paul Getty s diaries and love letters and fresh interviews with family members and friends Growing Up Getty offers an inside look into the benefits and burdens of being part of today s world of the ultra wealthy

Palm Fred Gray,2018-06-15 The extraordinary palm diverse and prolific symbolic and often sacred essential and exotic and at times erotic exploited and controversial The signature greenery of the tropics and subtropics these record breaking plants produce the world s biggest and heaviest seed the longest leaf and the longest stem In the superbly illustrated similarly extraordinary Palm Fred Gray portrays the immense cultural and historical significance of these iconic and controversial plants unfurling a tale as long and beguiling as their bladed fronds As Gray shows palms sustained rainforest communities for thousands of years contributing to the development of ancient civilizations across the globe But as palms gained mystical and religious significance they also became a plant of abstractions and fantasies a contradictory symbol of leisure and luxury of escaping civilization and getting closer to nature and at times to danger and devastation In the era of industry and empire the palm and its myriad meanings were exported to far colder climes Palms were shown off as exceptional performers in iconic greenhouses and used to clothe romanticize and glamorize an astonishing diversity of new places far from their natural homelands And today as millions of people worldwide consume palm oil daily the plant remains embedded in consumer society and mired in environmental controversy

Violent Class Struggles and The Need for Revolutionary Change: Anti-WTO Organized Labor Protest vs Seattle Police Marco T. Ntobi,2016-04-28 In this book I have attempted to trace as clearly and briefly as I can the nature of the capitalist and imperialist systems and the rising world class struggles against it a bitter life and death conflicts which are now only in their

middle phase Much in this book of course has been said before and has been happening and it will be said again and again in many different ways by many different people before this enormous conflict is finally resolved The whole purpose of revolutionary violence is to destroy at its very roots the institutionalized system of greed which is also the institutionalized system of violence Today with the phoney cry of law and order the rulers of the imperialist nations attempt to throw the onus of violence on those who are protesting the system under which they live But the onus is not on them for violence is the near monopoly of the state apparatus Writing this book primarily has been a very important experience for me

Plaintiff in Chief James D. Zirin,2019-09-24 A comprehensive analysis of Donald Trump s legal history reveals his temperament methods character and morality Unlike all previous presidents who held distinguished positions in government or the military prior to entering office Donald Trump s political worldview was molded in the courtroom He sees law not as a system of rules to be obeyed and ethical ideals to be respected but as a weapon to be used against his adversaries or a hurdle to be sidestepped when it gets in his way He has weaponized the justice system throughout his career and he has continued to use these backhanded tactics as Plaintiff in Chief In this book distinguished New York attorney James D Zirin presents Trump s lengthy litigation history as an indication of his character and morality and his findings are chilling if you partner with Donald Trump you will probably wind up litigating with him If you enroll in his university or buy one of his apartments chances are you will want your money back If you are a woman and you get too close to him you may need to watch your back If you try to sue him he s likely to defame you If you make a deal with him you had better get it in writing If you are a lawyer an architect or even his dentist you d better get paid up front If you venture an opinion that publicly criticizes him you may be sued for libel A window into the president s dark legal history Plaintiff in Chief is as informative as it is disturbing

Journalism's Martyrs Andrew Weeks,2022-04-12 Journalists have often put themselves in danger to convey crucial information to the public Many journalists have even died doing their jobs investigating crimes or traveling to battle zones and sometimes documenting events in their own communities Recently reporters have been assaulted mocked and silenced their reports dubbed fake news and them enemies of the people A free press is one of the country s most reliable foundations for ensuring a democracy for current and future generations With a focus on American journalism this book tackles issues affecting today s news through profiling journalists killed on the job whether from violent conspiracy terrorism or mass shootings

The Grifter's Club Sarah Blaskey,Nicholas Nehamas,Caitlin Ostroff,Jay Weaver,2020-08-04 An astonishing look inside the gilded gates of Mar a Lago the palatial resort where President Trump conducts government business with little regard for ethics security or even the law Donald Trump s opulent Palm Beach club Mar a Lago has thrummed with scandal since the earliest days of his presidency Long known for its famous and wealthy clientele the resort s guest list soon started filling with political operatives and power seekers Meanwhile as Trump re branded Mar a Lago the Winter White House and began spending weekends there state business spilled out into full view of the club s members and vast sums of taxpayer money and political donations

began flowing into its coffers and into the pockets of the president The Grifter s Club is a breakthrough account of the impropriety intrigue and absurdity that has been on display in the place where the president is at his most relaxed In these pages a team of prizewinning Miami Herald journalists reveal the activities and motivations of the strange array of charlatans and tycoons who populate its halls Some peddle influence some seek inside information and some just want to soak up the feeling of unfettered access to the world s most powerful leaders With the drama of an expose and the edgy humor of a Carl Hiaasen novel The Grifter s Club takes you behind the velvet ropes of this exclusive club and into its bizarre world of extravagance and scandal

Floridians Ronald W. Kenyon,2016-09-26 Curiosity and intelligence run deep in Ronald W Kenyon s writing He s a tireless world traveler with a real knack for looking at wherever he is and finding reasons to be fascinated by it Frank Cerabino columnist The Palm Beach Post The cast of characters in these seventeen stories of fascinating Floridians includes the living and the dead the famous and the infamous murderers imposters royal pretenders a supermarket cashier a housekeeper a homeless former crack addict rescued by an anonymous benefactor the woman who was elected chief of the Seminoles a Jordanian Cordon Bleu chef a chess champion who founded a city and the first two Jewish senators Even John Lennon makes an appearance A road trip across the state results in the shocking revelation that in the 1920 s Seminole children were prohibited from attending either white or colored schools but ends with an unexpected surprise the Seminole Tribe of Florida grown wealthy by the profits of its casinos now owns the worldwide Hard Rock Caf chain Some of the essays involved extensive research often sparked by an apparently trivial observation thus the story of the phony count and the fake countess begins when I noticed a sign with an inappropriate ampersand and leaps around the world to France the former Belgian Congo Yemen the Emirate of Sharjah and Tangier The people in this book are Floridians all and some were even born

in the Sunshine State Yet most are transplants like me native born Americans migrating from elsewhere in the United States or immigrants fleeing Hitler s Germany Castro s Cuba and the poverty of Guatemala Each of them each of us possesses Real Stories to tell and in this book the reader will discover some of them *Florida's Dark Chapters* Michael G. Hall,2024-08-08

Anyone who has ever traveled to Florida immediately assumes they ve got the state figured out It usually involves the common tropes we see splashed across news and social media Disney Miami alligators heat retirees and weird people As a result very few people try to dig any deeper This book explores the darkest parts of Florida s past These stories told out in sequential order and broken down by theme contain everything that has come to make up the Sunshine State from the surprising to the weird to the horrifying and in some cases inspiring Topics covered include Florida in the Age of Exploration pirates Spanish colonialism the Seminole Wars slavery and race relations during the Civil War Prohibition segregation disco and drugs serial killers economic ruin urbanism and Florida in the age of DeSantis
