Wakefield, 2007 Some might argue that sports marketing is a mere subfield of marketing meaning that there are theoretical and practical dimensions that apply only to sports marketing and are only of interest to those involved in sports In Team Sports Marketing author Kirk Wakefield dispels this argument by demonstrating that effective sports marketing epitomizes the science and art of marketing across any context At the core of sports marketing is the creation and enhancement of fan identification where consumers are not just loyal customers but have become brand fanatics Team Sports Marketing shows that while many aspects of sports marketing are thought to be unique to the field other product and service sectors would do well to learn from teams in the NFL NBA MLB and NHL that have transformed customers into fans Moving beyond principles of marketing Team Sports
