

Spy Pen Camera

Before You Start

About the CD disc

This pen does not need any driver to operate unless your OS is Win 98. The attached disc is designed for Win 98 only. For any later operating systems, please disregard the disc.

About the USB cable

The USB cable is for charging purpose only (please take out the micro SD card while charging). 30 minutes of charging time is recommended. It is not a data transfer cable. A computer is needed to charge your pen.

The indicator would be red while charging. (more specifically, green mixes with red)

About the micro SD card adapter

The included micro SD card adapter is for you to view photos and videos on your computer. Simply take out the micro SD card from the pen, put it into the adapter, and plug the adapter in your computer.

Spy Pen Camera Manual:

The Cold War Spy Pocket Manual Philip Parker, 2015-10-19 Some twenty five years after its conclusion yet with its echoes resonating once more in contemporary East West relations the rigors and detail of many aspects of the Cold War are becoming increasingly of interest Furthermore at the very same time many of the records of the period are beginning to become accessible for the first time At the forefront of this unique conflict that divided the world into two opposing camps for over four decades were the security services and the agents of these secretive organizations The Cold War Pocket Manual presents a meticulously compiled selection of recently unclassified documents field manuals briefing directives and intelligence primers that uncover the training and techniques required to function as a spy in the darkest periods of modern history Material has been researched from the CIA MI5 and MI6 the KGB the STASI as well as from the Middle East security services and on into China and the East As insightful as any drama these documents detail amongst many other things the directives that informed nuclear espionage assassinations interrogations and the turning of agents and impacted upon the Suez Crisis the Hungarian Uprising the Cambridge Five and the most tellingly the Cuban Missile Crisis in 1962 Full introduction and commentary provided by leading historian and former diplomat Philip Parker Complete with a catalogue of and often instructions for genuine espionage devices including lock decoders bugging equipment a 4 5mm single shot lipstick gun microfilm concealing coins and cameras mounted in clothing or pens and shoe concealed tracking devices Presents for the first time the insightful documents many of which inspired Cold War novelists including John Le Carr Len Deighton and Ian Fleming and many of which they would never have seen

CLANDESTINE PHOTOGRAPHY Raymond P. Siljander, Lance W. Juusola, 2012-04-01 This book explains how to take surreptitious photographs and record video of people and property in a safe and effective manner while producing excellent results It is the most comprehensive text on clandestine photography available It takes the reader through conventional as well as the most sophisticated clandestine photography methods in practice today and it covers the use of all types of equipment ranging from off the shelf to the most high tech equipment available The ultra long range night vision photography methods discussed in this book were devised by the authors and only exist here Readers will discover esoteric techniques for photographically recording recognizable human and vehicle plate images from distances of over a mile in both daylight and night conditions Myriad methods for secretly photographing people and property under diverse and difficult conditions are presented Readers will discover innovative applications of combinations of old and new photographic related technologies some combined in unexpected ways that produce surprising results It is written and extremely well illustrated in an easy to understand style for all photographers regardless of skill level The book is appropriate for anyone in law enforcement military operations and private investigation It will also benefit government surveillance specialists and those responsible for detecting and thwarting manual clandestine photography
