

1. Source A discusses the cases for and against allowing 16- and 17-year-olds to vote in UK general elections.

Source A

Expanding the franchise to 16- and 17-year-olds in the UK has several compelling arguments in its favour. First, it promotes increased political engagement among young people, encouraging them to participate in the democratic process and develop a sense of civic responsibility at an earlier stage. This fosters a politically informed and active citizenry, benefiting society as a whole. Additionally, extending voting rights to this age group aligns with the principle of equal treatment, as they already bear certain responsibilities and have a valid perspective on societal matters. Granting them the vote can establish lifelong voting habits and ensure that youth perspectives and issues are adequately represented in political decision-making.

However, opponents raise concerns about the maturity and life experience of 16- and 17-year-olds, suggesting that they may be susceptible to emotional appeals, peer pressure, and manipulation, potentially leading to uninformed voting choices. They question the level of political knowledge among young voters, emphasising the need for a more thorough understanding of complex issues before making decisions that impact the country. Critics argue that individuals in this age group are unlikely to exercise the full range of their rights in the same way as adults, and may not have had enough time to develop their political perspectives. Equally, in the UK's representative democracy, voting is not the only way for people to participate and denying votes to 16- and 17-year-olds does not mean denying them representation.

Using Source A, evaluate the view that the franchise should be expanded to 16- and 17-year-olds in UK general elections.

In your response you must

- *compare and contrast different opinions in the source*
- *examine and debate these views in a balanced way*
- *analyse and evaluate only the information presented in the source.*

Squestion Paper 2june Edexcel

Glenn Toole, Susan Toole

Squestion Paper 2june Edexcel:

Studies on the Teaching of Asian Languages in the 21st Century Hüseyin İcen, Seniye Vural, 2014-03-26 In recent years there has been an increasing demand for and rapid development in the learning and teaching of Asian languages as a foreign language throughout the world Many governments recognize that Asian languages are of strategic economic importance and thus they are now offered as a foreign language by a great number of schools and higher education institutions This book contains chapters written by different authors from several countries on key issues and problems in the teaching of the Chinese Russian Farsi Japanese and Malaysian languages and some comparative studies The contributors here explore future directions in the teaching of Asian languages in the 21st century The ten chapters of the book have been prepared by the authors using the scholarly papers they presented at the Second International Symposium on Asian Languages and Literatures ADES which was held on 3 4 May 2012 at Erciyes University Kayseri Turkey under the title of Teaching of Asian Languages in the 21st Century
