The Truth About Empire Alan Lester, 2024-06-27 The Truth About Empire comes from expert historians who believe that the truth as far as we can ascertain it matters that our decades of painstaking research make us worth listening to and that our authority as leading professionals should count for something in today's polarised debates over Britain's imperial past Colonial history is now a battlefield in the culture war The public's understanding of past events is continually distorted by wilful caricatures Communities that long struggled to get their voices heard have in their fight to highlight the hidden horrors of colonialism alienated many who prefer a celebratory national history The backlash orchestrated by elements of the media has generated a new concerted denial of imperial racism and violence in Britain's past a disinformation campaign sharing both tactics and motivations with those around Covid Brexit and climate change From Australia and China to South Africa and Egypt this essay collection is an accessible guide to the British Empire and a weapon of defence against the assault on historical truth The disturbing stories told in these pages of Empire's culture politics and economics show why professional research matters when deciding what can and cannot be known about Britain's colonial history

Diversity in the Classroom Judith H. Shulman, Amalia Mesa-Bains, 2018-10-24 This casebook is part of a nationwide effort to capture and use practitioner knowledge to better prepare teachers for the reality of today's classrooms

given a student population vastly different from that of even a decade ago. Consciously designed to provoke engaging and demanding discussion, the cases presented here are candid, dramatic, highly readable accounts of teaching events or series of events. Set in three of the nation's most diverse cities—San Francisco, Los Angeles, and Phoenix—the cases offer problem-based snapshots of on-the-job dilemmas. The teacher authors discuss topics that generate heated interchange and run the risk of polarizing opinions and creating defensive assumptions, particularly those dealing with bias, race, and class. These issues, plus cultural behaviors and socioeconomic circumstances, have important implications for classroom practices. By examining such issues, the editors hope that educators will see and act on the need for a greater variety of teaching styles, distribution of opportunities, and educational access for all students.

One Last Shot Betty Cayouette, 2024-05-07. From the creator of viral TikTok account Betty's Book List, a debut romance about a supermodel and a photographer with a past marriage pact who meet again ten years later on a photoshoot in Cinque Terre, Italy. From the moment Emerson and Theo met as teenagers, they were inseparable. But just when they finally expressed their feelings to one another, they were torn apart. Now, supermodel Emerson is nearing her twenty-eighth birthday, and she's tired of looking for love in all the wrong places. When the calendar reminder for the marriage pact she and Theo made as teens goes off on her phone, she realizes this is her chance to rekindle the only romance that ever really made sense. Emerson convinces her grumpy agent to book her as the face of the fashion campaign that Theo, now a fashion photographer, is shooting. The good news: the campaign is being shot in ridiculously romantic Cinque Terre, Italy. The bad news: Theo might not be as happy to see her as she'd hoped. The two embark on a four-day campaign that tests not only their feelings but their ability to keep their hands off one another. But as roadblock after roadblock keeps them apart, Emerson starts to wonder: will this photoshoot be the key to getting one last shot at love, or will it be a final goodbye?
