### The Four Steps to a Full HD Experience: Set, Sound, Source, and Setup

Along with your BRAVIA™ TV, a complete HD system requires an HD source, access to HD content, and proper setup connections with compatible sets to give HD video its visible fun.

Remember, an HD programming is required to experience the full benefit of HD's.

The quality of the image you see on your BRAVIA™ can vary as high as the quality of the signal it is displaying. This chart shows the different signal types and how to access them.

#### Signal

Connect your video or satellite provider to upgrade your service to HD. Remember that the HD TV features will not give you the same picture quality as the original source. The quality of the content is also a factor in the overall picture quality.
