*WHO ANSWERED THE BUGLE CALL?* Raymond Metters,2022-01-01 The revised manuscript for the WW1 book sponsored originally by Westmeath Community Development in 2011 focuses upon Kilbeggan in the Irish Republic while making comparisons with the experiences of similar towns in Counties Westmeath and Offaly The suffering heroism and poignant accounts of so many young men sacrificing their lives become alive in what would otherwise remain as the forgotten

history of long since abandoned Irish regiments Many youngsters also returned as physically and mentally scarred wrecks to a civilian existence ill equipped to help them One surprise from the study concerns the number of older recruits a few even over fifty years who served as infantrymen The study also recalls defunct regiments like the Connaught Rangers or the Leinster Regiment which gained four Victoria Cross awards in WW1 Military units emerge with less familiar names for instance the Inland Water Transport Corps The study extends to the wider local civilian communities drawn into the European war of 1914 1918 especially the enormous contribution made by the remarkable women involved in relief work and the tragedy sometimes resulting from that commitment An example from the region is Venice C H Hackett a Voluntary Aid Detachment VAD nurse who returned ill to London from abroad only to die in October 1918 from the raging Spanish flu Her remains lie in Liss County Offaly Yet countless names of civilian helpers are unknown Who indeed answered the bugle call

Phoenix Rising Donald G. Lett,Donald G Lett Jr,2008-02 In an age when the supply of gasoline to feed this modern American society has become both more expensive and more scarce questions are being pondered Inquires like How can a modern society scale back its dependence on gasoline as a motive source Are there genuine alternative power sources Are they the answer to a growing crisis Recent announcements of hybrids like those from Honda Toyota and Ford have really brought attention to this issue Hybrids that use both gasoline engines and electric motors Really though alternative power sources have been around for as long as the automobile has been The battle between and among the steam car the electric and the gas car was fought out in the first couple of decades of the twentieth century This book explores the ins and outs of that battle A struggle from which the gasoline car emerged completely victorious To such an extent that steam cars and electric cars virtually disappeared from the scene for many decades We will look over all three alternatives exploring their advantages and disadvantages We will also look over the obstacles to the steamers and the electrics Barriers that still exist to a certain extent Handicaps that caused their disappearance in the first place **Big**

**Research Questions about the Human Condition** Arne Jarrick,2020-11-30 The book is a manifesto like essay aiming to

redress some globally present drawbacks characterizing current research in the humanities 1 Fragmentation and thematic volatility 2 A reluctance to acknowledge that humanities research is a truth seeking enterprise as all scientific research 3 A certain unwillingness or inability to ask clear questions and to provide distinct answers to these questions The book consists of three parts A Introduction where the problem and the purpose of the book is presented B six chapters each presenting a certain topic that I suggest that humanist scholars gather around with sustained efforts C Conclusion with some words of how to proceed and a section discussing what the humanities or should and are not or should not be
