Brown Eyed Handsome Man Bruce Pegg,2013-10-18 *Brown Eyed Handsome Man* The Life and Hard Times of ChuckBerry draws on dozens of interviews done by the author himself and voluminous public records to paint a complete picture of this complicated figure This biography uncovers the real Berry and provides us with a stirring unvarnished portrait of both the man and the artist Berry has long been one of pop music s most enigmatic personalities Growing up in a middle class black neighborhood in St Louis his first major hit song Maybellene was an adaptation of a white country song wedded to a black influenced beat Thereafter came a string of brilliant songs celebrating teenage life in the 50s including School Day Johnny B Goode and Sweet Little Sixteen Berry s career rise was meteoric but his fall came equally quickly when his relations with an

underage girl led to his conviction It was not his first nor his last run in with the law He scored his biggest hit in the early 70s with the comical and some would say decidedly lightweight song My Ding a Ling The following decades brought hundreds of nights of tours with little attention from the recording industry Bruce Pegg offers the definitive though not always pretty portrait of one of the greatest stars of rock and roll a story that will appeal to all fans of American popular music *Willie Nelson* Geoffrey Himes,2025 *Willie Nelson All the Albums* is a sprawling career retrospective of an American treasure viewed through his 100 plus solo and collaborative albums *Eric Clapton FAQ* David Bowling,Eric Clapton,2013-05-01 *FAQ* Eric Clapton has been a rock god for half a century From busking on street corners and in local pubs to the raw blues of the Yardbirds the rock blues fusion of Cream the guitar brilliance of Derek and the Dominoes and the unforgettable songs of his solo career he has proven his incomparable talent in the music world His enduring presence has made him the subject of countless books articles reviews websites and gossip Is there really anything new to learn about the man they call Slowhand *Eric Clapton FAQ* combines the obvious the well known the obscure and the unknown into one place It was not written as a definitive Clapton biography or a tell all book that has the final say It is as the title suggests a book of facts Clapton is one of those public figures we know much about but he still seems to be partially shrouded in mystery Sometimes the stories and facts about his life change and evolve which is all a part of his mystique *Eric Clapton FAQ* uncovers some of that mystery and celebrates his talent in an entertaining style Packed with dozens of rare images this book is must for Slowhand fans

Song Means: Analysing and Interpreting Recorded Popular Song Professor Allan F Moore,2013-01-28 Allan F Moore presents a study of recorded popular song from the recordings of the 1920s through to the present day Analysis and interpretation are treated as separable but interdependent approaches to song Analytical theory is revisited covering conventional domains such as harmony melody and rhythm but does not privilege these at the expense of domains such as texture the soundbox vocal tone

lyrics Moore continues by developing a range of hermeneutic strategies largely drawn from outside the field in the most part within psychology and philosophy but still deeply relevant to the experience of song
