topics including resource grid and service grid information grid and knowledge grid grid monitoring management and  
 organization tools grid portal grid service Web services and their QoS service orchestration grid middleware and toolkits  
 software glue technologies grid security innovative grid applications advanced resource reservation and scheduling  
 performance evaluation and modeling computer supported cooperative work P2P computing automatic computing and meta  
 information management The conference continues to grow and this year a record total of 581 manuscripts including  
 workshop submissions were submitted for consideration Expecting this growth the size of the program committee was  
 increased from 50 members for GCC 2003 for 70 in GCC 2004 Relevant differences from previous editions of the conference it  
 is worth mentioning a significant increase in the number of papers submitted by authors from outside China and the  
 acceptance rate was much lower than for previous GCC conferences From the 427 papers submitted to the main conference  
 the program committee selected only 96 regular papers for oral presentation and 62 short papers for poster presentation in  
 the program
