Toastmasters Competent Communication Guide:

Raising a Toast Primit Pratim Ghosh, 2021-02-05 Raising a Toast is a compilation of 20 speeches that I had the good fortune of delivering in my journey as a Toastmaster. Most of these speeches have sprung from my personal anecdotes, some funny, some thought provoking. Few speeches will tell you stories of past and present of people and places through my eyes. And then there are a couple of speeches that raise some questions for you and me to reflect upon. But one common link that binds them all is the stage of Toastmasters where they found life. Each of these speeches gave me an opportunity to pen down some burning message inside of me to share my story to any audience which was willing to listen to connect with those who took back something from what I had to say. Raising a Toast is a humble attempt to carry these anecdotes, these stories, these questions from the conventional stage to the paperback stage. Written with the sole agenda of reaching out to more souls out there who are willing to listen. And with the hope that when they read this they get inspired to share their set of stories with the world.

Act Like a Sales Pro Julie Hansen, 2011-08-15 Act Like a Sales Pro was a finalist for TOP SALES AND MARKETING BOOK OF 2011 and featured on the cover of Ken Blanchard's Sales and Service Excellence Magazine and her articles have appeared across the globe. In Act Like A Sales Pro Julie Hansen challenges the reader to examine themselves honestly, first strengths and weaknesses, then provides numerous methods on how to proceed with passion. Her writing style offers sage advice and smart nuances for those who will use it. Specifically her insight on closing sales should not be missed. This is important work. Mitchell Tilstra, Business Development Manager, Bunker Steel, Acting is the ultimate form of persuasion. Now you can learn the methods that great actors use to engage and inspire clients and win more sales than you dreamed possible. Act Like a Sales Pro shows you how acting and improv skills can enhance your own selling style, make you stand out in an increasingly competitive marketplace and create a memorable buying experience. Easy to follow steps, exercises and real world coaching sessions help you move confidently from cold calling to closing by applying techniques that have produced some of Hollywood's most compelling stars. A breakthrough approach to delivering the sales performance of your life.

Love,2016-10-04 This

book's author Byron Love admits proudly to being an IT geek. However, he had found that being an IT geek was limiting his career path and his effectiveness. During a career of more than 31 years, he has made the transition from geek to geek leader. He hopes this book helps other geeks do the same. This book addresses leadership issues in the IT industry to help IT practitioners lead from the lowest level. Unlike other leadership books that provide a one-size-fits-all approach to leadership, this book focuses on the unique challenges that IT practitioners face. IT project managers may manage processes and technologies, but people must be led. The IT industry attracts people who think in logical ways, analytical types who have a propensity to place more emphasis on tasks and technology than on people. This has led to leadership challenges such as poor communication, poor relationship management, and poor stakeholder engagement. Critical IT projects and programs have failed because IT leaders neglect the people component of people, process, and technology. Communications skills are key to leadership. This book features an in-depth discussion of the communications cycle and emotional intelligence, providing geek leaders with tools to improve their understanding of others and to help others understand them. To transform a geek into a geek leader, this book also discusses self-leadership skills so geek leaders know how to lead others by leading themselves first. Followership and how to cultivate it among team members. How a geek leader's ability to navigate disparate social styles leads to greater credibility and influence. Integrating leadership into project management processes. The book concludes with a case study to show how to put leadership principles and practices into action and how an IT geek can transform into an effective IT geek leader.

Walking out of Poverty Bishop Al Jones, 2023-07-28. My book *Walking Out of Poverty* has been a long time in writing. As you read my story, you will understand my objectives. I was born out of American slavery. I have been down in the valley for a long time, but today I am on the mountaintop. I have completed my book. My book tells stories of my learned knowledge, my thoughts, and my trying and experiences in life. This was a God-given task from the start. I wanted to share my valuable lessons learned in life with others. I want them to be beneficial to others. I went back to school and got my bachelor's degree in theology. I learned of a new walk of life. For we have many godly promises and the gift of salvation. We have a divine right to the riches of life. We have a right to be on the other side of poverty. We can have the things that we need or want. We must learn how to accomplish our objectives. Then we will reach a level of success and fulfillment.
