Kaufman, 2014-05-20 This lively appreciation of one of the most intimidating and massive novels ever written should persuade many hesitant readers to try scaling the heights of War and Peace sooner rather than later Publishers Weekly Considered by many critics the greatest novel ever written War and Peace is also one of the most feared And at 1 500 pages it s no wonder why Still in July 2009 Newsweek put War and Peace at the top of its list of 100 great novels and a 2007 edition of the AARP Bulletin included the novel in their list of the top four books everybody should read by the age of fifty A New York Times survey from 2009 identified War and Peace as the world classic you re most likely to find people reading on their subway commute to work What might all those Newsweek devotees senior citizens and harried commuters see in a book about the Napoleonic Wars in the early 1800s War and Peace is many things It is a love story a family saga a war novel But at its core it s a novel about human beings attempting to create a meaningful life for themselves in a country torn apart by war social change political intrigue and spiritual confusion It is a mirror of our times Give War and Peace a Chance takes readers on a journey through War and Peace that reframes their very understanding of what it means to live through troubled times and survive them Touching on a broad range of topics from courage to romance parenting to death Kaufman demonstrates how Tolstoy s wisdom can help us live fuller more meaningful lives The ideal companion to War and Peace this book makes Tolstoy s characters lively and palpable and may well persuade readers to finally dive into one of the world s most acclaimed and daunting novels Kirkus Reviews [The Oxford Handbook of Russian Religious Thought](#) Caryl Emerson, George Pattison, Randall A. Poole, 2020-09-04 The Oxford Handbook of Russian Religious Thought is an authoritative new reference and interpretive volume detailing the origins development and influence of one of the richest aspects of Russian cultural and intellectual life its religious ideas After setting the historical background and context the Handbook follows the leading figures and movements in modern Russian religious thought through a period of immense

historical upheavals including seventy years of officially atheist communist rule and the growth of an exiled diaspora with e g its journal *The Way* Therefore the shape of Russian religious thought cannot be separated from long running debates with nihilism and atheism Important thinkers such as Losev and Bakhtin had to guard their words in an environment of religious persecution whilst some views were shaped by prison experiences Before the Soviet period Russian national identity was closely linked with religion linkages which again are being forged in the new Russia Relevant in this connection are complex relationships with Judaism In addition to religious thinkers such as Philaret Chaadaev Khomiakov Kireevsky Soloviev Florensky Bulgakov Berdyaev Shestov Frank Karsavin and Alexander Men the Handbook also looks at the role of religion in aesthetics music poetry art film and the novelists Dostoevsky and Tolstoy Ideas institutions and movements discussed include the Church academies Slavophilism and Westernism theosis the name glorifying imiaslavie controversy the God seekers and God builders Russian religious idealism and liberalism and the Neoplatonic school Occultism is considered as is the role of tradition and the influence of Russian religious thought in the West

The Preparation of the Novel Roland Barthes, 2010-11-23 Completed just weeks before his death these lectures mark a critical juncture in the career of Roland Barthes declaring the intention deeply felt to compose a novel through an entirely untested method of writing Unfolding over the course of two years Barthes engaged in a unique pedagogical experiment he would combine teaching and writing to simulate the creation of a novel exploring every step of the collaborative process along the way Barthes's lectures move from the inception of an idea and the need to write something to the actual decision making planning and material act of producing a book He meets the difficulty of transitioning from short concise expressions exemplified by his favorite literary form haiku to longer uninterrupted flows of narrative and he encounters a number of trials and setbacks Barthes takes solace in a diverse group of writers including Dante whose own opus was similarly inspired by the death of a loved one He also turns to classical philosophy and Taoism and the works of Chateaubriand Flaubert Kafka and Proust This volume includes eight elliptical plans for Barthes's unwritten novel which he titled *Vita Nova* and notes that shed light on the critic's view of photography Along with Columbia University Press's *The Neutral* Lecture Course at the College de France 1977 1978 and a third forthcoming collection of Barthes lectures this volume completes a profound exploration into the labor and love of writing

Second Tolstoy Steve Hickey, 2021-11-12 Very few if any have devoted more years to practicing and teaching others to practice the precepts of Jesus's Sermon on the Mount than Leo Tolstoy He stands apart in the history of interpretation and has had enormous influence on others and other countries Yet Gandhi or others often get the glory Tolstoy is remembered as a great writer but his religious and philosophical works are by and large unknown or disparaged even in scholarly Tolstoyan circles His contribution is substantially under appreciated and misunderstood In *Second Tolstoy* The Sermon on the Mount as Theo tactics Steve Hickey captures the particulars and dynamics of Tolstoy's interpretation of the Sermon on the Mount from a deliberately sympathetic vantage point Underlying this project is shared belief with Tolstoy that

the Sermon on the Mount is liveable and to be lived While from the vantage point of traditional orthodoxy Tolstoy got much wrong there remains a lack of appreciation for what he got right radical obedience to the teachings of Jesus A new vocabulary is proposed to more precisely capture Tolstoyan lived theology namely the political and social expressions of Tolstoyan Christianity with the hope that these theories and practices will gain a wider consideration understanding and following

The Image of Christ in Russian Literature John Givens,2018-05-29 Vladimir Nabokov complained about the number of Dostoevsky's characters sinning their way to Jesus In truth Christ is an elusive figure not only in Dostoevsky's novels but in Russian literature as a whole The rise of the historical critical method of biblical criticism in the nineteenth century and the growth of secularism it stimulated made an earnest affirmation of Jesus in literature highly problematic If they affirmed Jesus too directly writers paradoxically risked diminishing him either by deploying faith explanations that no longer persuade in an age of skepticism or by reducing Christ to a mere argument in an ideological dispute The writers at the heart of this study understood that to reimage Christ for their age they had to make him known through indirect even negative ways lest what they say about him be mistaken for cliché doctrine or naïve apologetics The Christology of Dostoevsky Leo Tolstoy Mikhail Bulgakov and Boris Pasternak is thus apophatic because they deploy negative formulations saying what God is not in their writings about Jesus Professions of atheism in Dostoevsky and Tolstoy's non-divine Jesus are but separate negative paths toward truer discernment of Christ This first study in English of the image of Christ in Russian literature highlights the importance of apophaticism as a theological practice and a literary method in understanding the Russian Christ It also emphasizes the importance of skepticism in Russian literary attitudes toward Jesus on the part of writers whose private crucibles of doubt produced some of the most provocative and enduring images of Christ in world literature This important study will appeal to scholars and students of Orthodox Christianity and Russian literature as well as educated general readers interested in religion and nineteenth century Russian novels
