Tonic Sofa Notes For Baptist Hymnal:

Hymns and Constructions of Race Erin Johnson-Williams, Philip Burnett, 2024-02-07 Hymns and Constructions of Race Mobility Agency De Coloniality examines how the hymn historically and today has reinforced negotiated and resisted constructions of race It brings together diverse perspectives from musicology ethnomusicology theology anthropology performance studies history and postcolonial scholarship to show how the hymn has perpetuated generated and challenged racial identities The global range of contributors cover a variety of historical and geographical contexts with case studies from China and Brazil to Suriname and South Africa They explore the hymn as a product of imperialism and settler colonialism and as a vehicle for sonic oppression and or resistance within and beyond congregational settings The volume contends that the lived tradition of hymn singing with its connections to centuries of global Christian mission is a particularly apt lens for examining both local and global negotiations of race power and identity It will be relevant for scholars interested in religion music race and postcolonialism *A Dictionary of Hymnology, Setting Forth the Origin and History of Christian Hymns of All Ages and Nations* John Julian, 1907 **The General Baptist repository, and Missionary observer [afterw.]** **The General Baptist magazine repository and Missionary observer [afterw.]** **The General Baptist magazine** ,1877

Reily, Katherine Brucher, 2018-03-14 WINNER OF THE 2019 SOCIETY OF ETHNOMUSICOLOGY ELLEN KOSKOFF PRIZE FOR EDITED COLLECTIONS The Routledge Companion to the Study of Local Musicking provides a reference to how cross culturally musicking constructs locality and how locality is constructed by the musicking that takes place within it that is how people engage with ideas of community and place through music The term musicking has gained currency in music studies and refers to the diverse ways in which people engage with music regardless of the nature of this engagement By linking musicking to the local this book highlights the ways in which musical practices and discourses interact with people s everyday experiences and understandings of their immediate environment their connections and commitment to that locality and the people who exist within it It explores what makes local musicking local By viewing musicking from the perspective of where it takes place the contributions in this collection engage with debates on the processes of musicking identity construction community building and network formation competitions and rivalries place and space making and local global dynamics *Dictionary of Hymnology: P-Z* John Julian, 1985 **Music, Books on Music, and Sound Recordings** Library of Congress, 1983 *Christian Companion* , 1900 **Proceedings of the General Conference of Protestant Missionaries in Japan** , 1901 **The Institute Tie** , 1904 **Christianity** John Chathanatt, 2024-01-08 Published in the Series Encyclopedia of Indian Religions this volume is devoted to Christianity in India where it has had a long presence going back to the time of the apostles of Jesus Christ It focuses on the history origin organizations and local engagements belief

system worship practices Rites Rituals Christian life Contributions Spirituality and a few of the main doctrinal and theological items It further examines the earlier phase of the history of Christianity starting with the traditional belief of the arrival of St Thomas in AD 52 moving to the periods of its association with the Chaldean church the Portuguese the Dutch English and so on This volume highlights the missionary activities of persons like St Francis Xavier the creative contributions made to the inter religious dialogue by such people as Roberto de Nobili 1577 1656 and Swami Abhishiktananda 1910 1973 the linguistic and educational contributions of some of the pioneers like the German Jesuit Johanne Ernst Hanxleden known as Arnos Padiri 1681 1732 Herman Gundert 1814 1893 St Elias Kuriakos Chavara 1805 1871 and a fortiori the enormous contributions in the healthcare area throughout the country Caring for and serving the socio economically marginalized ones the peripheralized people formed an integral part of the Christian activity In India as it is done even today This is highlighted very much in the volume It further explores the contact India had with European Christianity showing that European Christianity proved to have wider influence in the Northern part of India unlike India s early episodic encounters with Palestinian and Persian forms of Christianity which had deep influence in the Southern part of India The volume also highlights the inner struggle among the followers resulting even in its division originating at the Synod of Diamper in 1599 manifesting by and large the Church state love and hate relationships In fine in spite of the drawbacks of putting the herculean task of two thousand years of history in eight hundred pages or so this volume gives a rather comprehensive view of Christianity in India especially to those who are unfamiliar with its life and dynamics in the Indian context The wide range of photographs 325 of them especially of the churches revealing the architectural beauty and multiplicity along with the ensample of art and paintings and pilgrimage centers adds to the enrichment of the volume **National Union Catalog**

Fonkem,2014-01-20 In the 1960s and 1970s Third World governments prescribed and imposed a certain kind of journalism variously called objective journalism or development journalism They understood this as journalism restricted to reporting facts as dished out by their propagandists and did not tolerate the questioning of government policy By development journalism they meant the mere reporting of government efforts to provide services amenities and infrastructures and the singing of praises anytime a bridge was inaugurated irrespective of whether it was well built or whether the contract to build was awarded according to the norms of transparency and probity This one sided journalism was prevalent especially in state owned media and media practitioners in the few private news publications that existed who did not toe the line were subjected to constant harassment and incarceration However with the coming of well trained journalism graduates into the scene in the 1970s and the advent of global liberalization in the late 1980s and 1990s daring journalists like Sam Nuvala Fonkem thought it was time to take the bull by the horn and start taking a more critical look at government pronouncements matching policy statements with real action in the field in short moving from objective journalism to interpretative and

investigative journalism This collection of Sam Nuvala Fonkems writings is a sampling of the fruit of that new spirit to dare where angels hitherto feared to tread to hold public officials to account and to expose the falsehood cached behind the political masquerade of the ruling class Savanna ,1992 History of American Baptist Mission in North-east India, 1836-1950 Milton S.
