The Women Who Knew Too Much Tania Modleski,2012-11-12 First published in 1988 The Women Who Knew Too Much remains a classic work in film theory and criticism The book consists of a theoretical introduction and analyses of seven important films by Alfred Hitchcock each of which provides a basis for an analysis of the female spectator as well as of the male spectator Modleski considers the emotional and psychic investments of men and women in female characters whose stories often undermine the mastery of the cinematic Master of Suspense This new edition features a new chapter which considers the last 15 years of Hitchcock criticism as it relates to the ideas in this landmark book **Obsessions of Georges Bataille, The** Andrew J. Mitchell,Jason Kemp Winfree,2009-10-29 Featuring a new translation of Jean Luc Nancy s Confronted Community and three essays by Bataille on community and communication available here in English for the first time The Obsessions of Georges Bataille offers an indispensable account of Bataille s work Despite the influence of Bataille on French continental thought his ideas remain famously obscure This volume clarifies them by approaching Bataille s thought through the themes of community and communication Taking up the dialogue of Nancy and Maurice Blanchot on Bataille s ideas about community the essays engage the many perspectives from which he approaches community encouraging greater community expressing concern with community and addressing the connections between community and one s inner experience Communication is brought out not as a singular activity but as a collective natural state a medium for human expression and relations **Encyclopaedia Biblica** Thomas Kelly Cheyne,John Sutherland Black,1903

Feder,2021-11-18 In this book Yitzhaq Feder presents a novel and compelling account of pollution in ancient Israel from its
 emergence as an embodied concept rooted in physiological experience to its expression as a pervasive metaphor in social
 moral discourse Feder aims to bring the biblical and ancient Near Eastern evidence into a sustained conversation with
 anthropological and psychological research through comparison with notions of contagion in other ancient and modern
 cultural contexts Showing how numerous interpretive difficulties are the result of imposing modern concepts on the ancient
 texts he guides readers through wide ranging parallels to biblical attitudes in ancient Near Eastern ethnographic and modern
 cultures Feder demonstrates how contemporary evolutionary and psychological research can be applied to ancient textual
 evidence He also suggests a path of synthesis that can move beyond the polarized positions which currently characterize
 modern academic and popular debates bearing on the roles of biology and culture in shaping human behavior

Theo-Drama: Theological Dramatic Theory, Vol. 4 Hans Urs von Balthasar,1988-01-01 Having presented his christology
 and mariology under the sign of the Dramatis Personae in volume three of Theo Drama von Balthasar now turns to the action
 of the divine drama itself Here we find his soteriology where time freedom history power sin conflict are seen in the light of
 the Cross the culmination of the action and passion of God and man As Balthasar expresses it in the conclusion to his preface
 here we discern the unity of glory and the dramatic God s glory as it appears in the world supremely in Christ is not
 something static that could be observed by a neutral investigator It manifests itself only through the personal involvement
 whereby God himself comes forth to do battle and is both victor and vanquished If this glory is to come within our range at all
 an analogous initiative is called for on our part Revelation is a battlefield Those who do battle on it can only be believers and
