Too Big For Bryan Gay Taboo Household Erotica:

Queer TV in the 21st Century Kylo-Patrick R. Hart, 2016-06-10 Television has historically been largely ineffective at representing queerness in its various forms. In the 21st century however, as same sex couples have seen increasing mainstream acceptance and a broader range of queer characters has appeared in the media, it seems natural to assume TV portrayals of queerness have become more enlightened. But have they? This collection of fresh essays analyzes queerness as depicted on TV from 2000 to the present. Examining *Buffy the Vampire Slayer*, *The Ellen DeGeneres Show*, *The L Word*, *Modern Family*, *The New Normal*, *Queer as Folk*, *Queer Eye for the Straight Guy*, *RuPaul's Drag Race*, *Spartacus*, and *Will & Grace* among other series, the contributors demonstrate that queer characters in general have achieved visibility at the expense of minimizing much of their queerness with a few eye-opening exceptions.

Porno? Chic! Brian McNair, 2013-01-17 *Porno Chic* examines the relationship between the proliferation of pornography and sexualised culture in the West and social and cultural trends which have advanced the rights of women and homosexuals. Brian McNair addresses this relationship with an analysis of trends in sexualised culture since 2002, linked to a transnational analysis of change in sexual politics and sex/gender relations in a range of societies from the sexually liberalised societies of advanced capitalism to those in which women and homosexuals remain tightly controlled by authoritarian patriarchal regimes. In this accessible, jargon-free book, Brian McNair examines why those societies in which sexualised culture is the most liberalised and pervasive are also those in which the socio-economic and political rights of women and homosexuals have advanced the most.

The Erotic Thriller in Contemporary Cinema Linda Ruth Williams, 2005 This bold and original book examines in detail a relatively new genre of film, the erotic thriller. Linda Ruth Williams traces the genre's exploitation of pornography and noir, discusses mainstream stars including Michael Douglas and Sharon Stone, as well as genre-branded direct-to-video stars, charts the work of key producers and directors, and considers home videos as a distinct form of viewing.

pleasure She maps the history of the genre analyzing hundreds of movies from blockbusters such as *Basic Instinct* *Fatal Attraction* and *In the Cut* to straight to video film titles such as *Carnal Crimes* *Sins of Desire* and *Night Eyes* Williams's witty and illuminating readings tell the story of this sensational genre and contribute to the analysis of mainstream screen sex and its censorship at the beginning of the 21st century She shows that as the erotic thriller plays out the sexual fantasies of contemporary America it also provides a vehicle for marketing those fantasies globally
